ABSTRACT

OF THE

NET REVENUE AND EXPENDITURE

OF

Western Australia

FOR THE YEAR

1850.

Insert under general heads the Receipts and Disbursements, so as to exhibit distinctly and separately the Sources from which the Receipts have been derived, on the one hand, whether from the Resources of the Colony, from Parliamentary Grants, or from Her Majesty's Treasury, and, on the other, the Total Expense incurred by each Department of the Government; distinguishing the Ordinary Established Charge of the several Offices from their Contingent and Accidental Expenses.

Such Observations as may be sufficient to explain the causes, and point to the remedy of any deficiency in the Revenue, or excess of the Expenditure, must form the subject of a Special Report to accompany the Blue Book when transmitted to the Secretary of State.

Perth.	Govt. Col: School Free to any Pupils of any denomination whose Parents may be unable or unwilling to pay; but in the case of those whose circumstances may be so good as to render their gratuitous Education unjust to others, it is intended as a discouragement to such class to limit the amount of Instruction. No such case, however, has as yet occurred and generally speaking the parents prefer paying.	Boys School. N. D. Williams Mast. Govt. Salary £70 pr: an:	78.	.	78		The Local Government pay the Several Salaries before named, and also assists in the supply of necessary school requisites. The Government has also provided School Houses for the Perth Schools.	Contributions are raised from Private Individuals in Perth for the support of the Perth Schools. The money so raised is applied to the general purposes of the Schools, providing prizes, School furniture and necessaries. Out of this fund the "additional" salaries to the Teachers are paid			A general Board of Education has been appointed by the Local Govemt. with a view to establish a general system of Education in the Govt. Colonial Schools, all masters of which in receipt of Govt. pay being under the management of the Board subject of course, to the control of the Local Government. The design has been to confine the Schools to Secular instruction only.– the Bible being read, as far as possible without note or comment, and all purely doctrinal teaching carefully avoided – leaving the more important subject of religious instruction to the Parents themselves, the ministers of the different denominations {out of the schools} and to the influence of Sunday Schools.– The system appears to be approved of among the Colonists with the exception of the Roman Catholics, who have, this their Bishop refused to join in any system of public education other than "the Irish National system" & who have now obtained a separate grant of the Public money for the Education exclusively of children of their own persuasion. This separation of the Roman Catholics has rendered practicable the reading the Bible without note or Comment
