FUNCTIONAL TRAINING CLASSES

BOXING Learn basic boxing skills, increase your strength and improve your endurance through this fun and challenging class.

Perfect for all fitness levels, this class will include pad work combos, shadow boxing, and strength exercises. Get your sweat on to help you build a strong core, burn loads of calories, and feel the best you possibly can!

ALL fitness levels | 45 minutes

GLADIATOR This fun class will have you training like a Gladiator! Build your agility, strength and cardio fitness through a variety of functional exercises on a rotating schedule.

ALL fitness levels | 45 minutes

High-Intensity Interval Training (HIIT)

is guaranteed to challenge you physically and mentally from start to finish! Focus on performing your best and burning calories within a high-energy team environment. Suitable for all fitness levels, each class will have you sweating through a circuit-style workout including speed, agility, core, and bodyweight strength exercises.

ALL fitness levels | 45 minutes

JUMPSTART This is the total body workout that really will JUMPSTART your morning! With a fun but motivating focus, this class is a must-try workout for those who want to increase their strength, mobility and cardiovascular fitness.

ALL fitness levels | 50-60 minutes

STRENGTH & CORE This is the ultimate strength & core workout, designed specifically to improve your strength using safe lifting techniques while focusing on engaging your abs. Build your functional strength and unlock your true potential!

ALL fitness levels | 45 minutes

TABATA a supercharged workout that aims to get the most benefit over a short amount of time. The 20 seconds work, 10 secs rest dynamic uses a variety of strength, cardio & core. This style of exercise gives you maximum burn with minimum work.

ALL fitness levels | 60 minutes

ULTRA - FIT Designed to truly push each participant to improve their current physical ability, this high-intensity session uses your bodyweight as much as possible to not only rapidly improve your overall fitness, but to increase your strength, speed and flexibility.

ALL fitness levels | 60 minutes
