IMPORTANT: By signing this document the participant agrees that they have participated in the general boating induction presented to them by the DBSO or Delegate. The participant agrees they will conduct themselves in accordance with UWA SMS, a safe and responsible manner whilst ensuring the safety of personnel aboard the vessel and Act in accordance with the Boating Procedures Manual. If at anytime the weather conditions could result in injuries or damage to the vessel, the boat operator has the power to cease any marine operations. Additionally the boat operator (Skipper) has the authority to remove/report any individual that is acting in an unsafe manner and is obliged to report the actions and person to the School and DBSO (confidence will be maintained).
