

Claiming publications in the UWA Profiles and Research Repository

If you believe your publication exists in the **UWA Profiles and Research Repository**, but it is not listed on your profile, you can search for it within the system and 'claim' the publication.

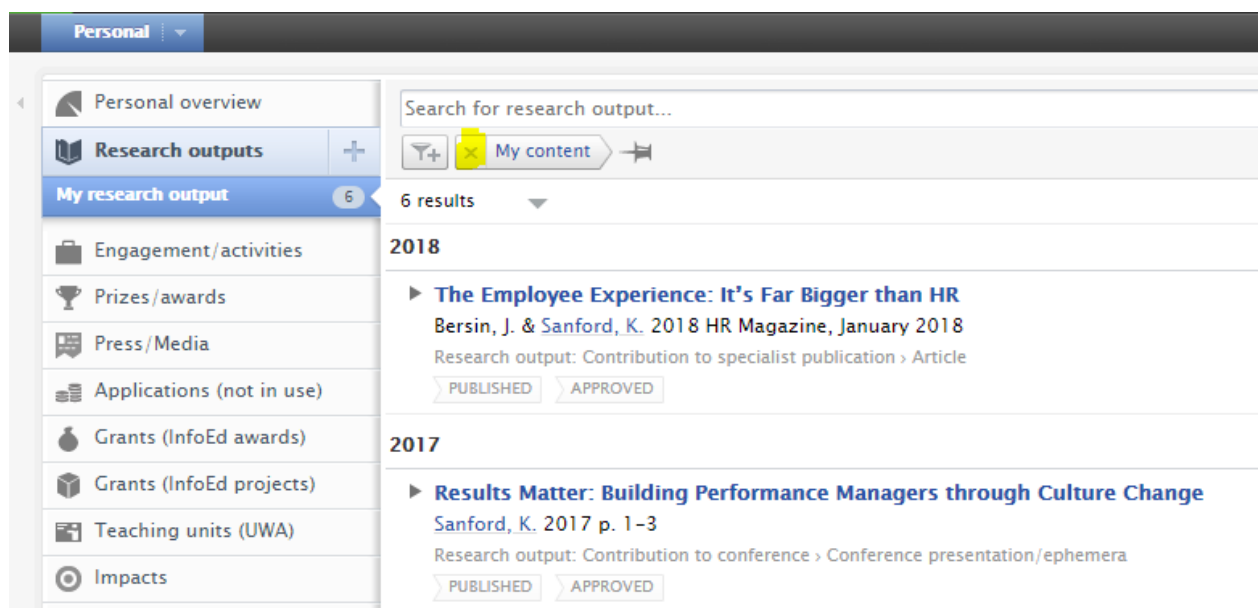

These instructions describe the process of logging into the UWA Profiles and Research Repository and demonstrate how you can claim a publication.

To Login:

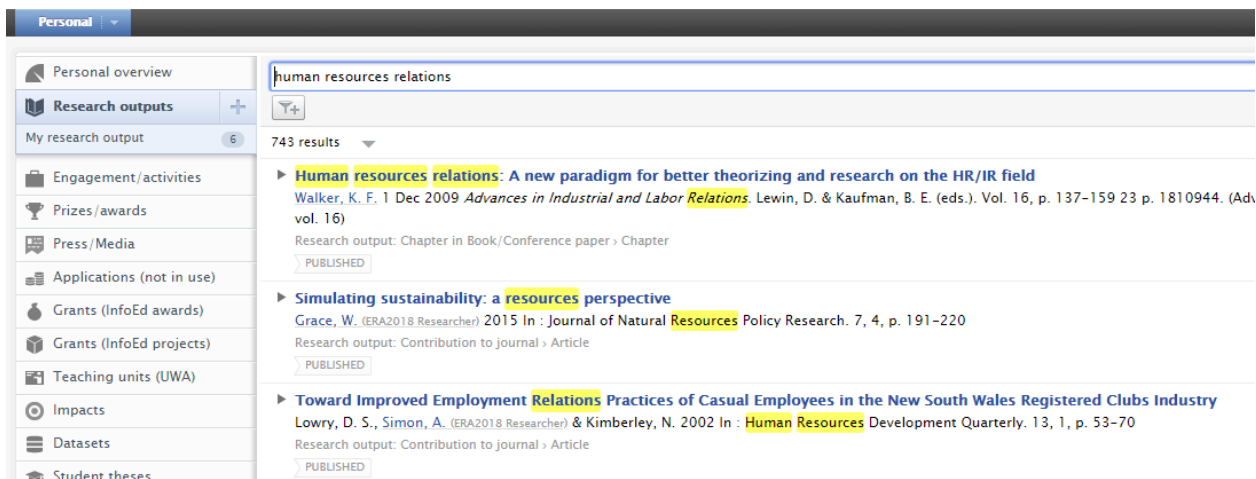

1. Go to the [UWA Profiles and Research Repository](#)
2. Click **UWA Profiles and Research Repository login**
3. Log in with your UWA login (PHEME) details

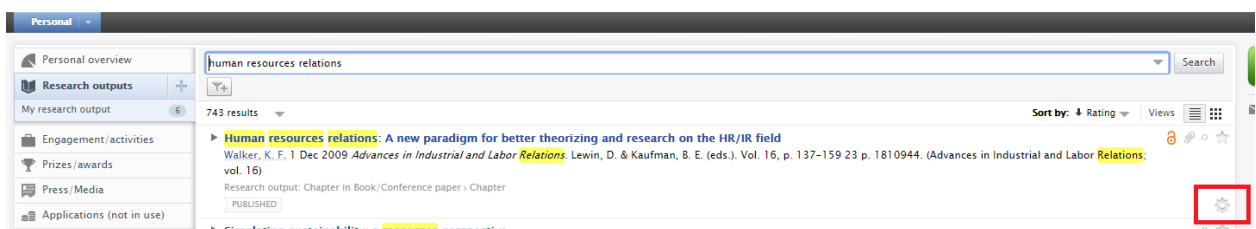

1. Once logged in, click **Research outputs** from the menu on the left.
2. Remove the **My content** filter by clicking on **X**. This will allow you to see all publications in the **UWA Profiles and Research Repository**, not just your own publications.

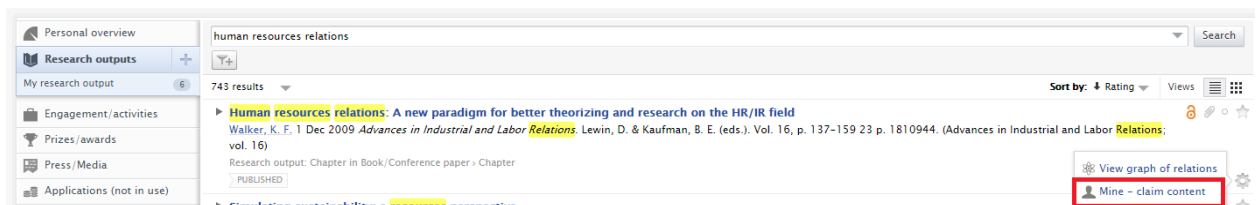

3. Search for the missing publication on your profile by typing the publication title in the search bar. If searching by the full publication title does not display any results, we recommend using several keywords from within the title to perform another search.

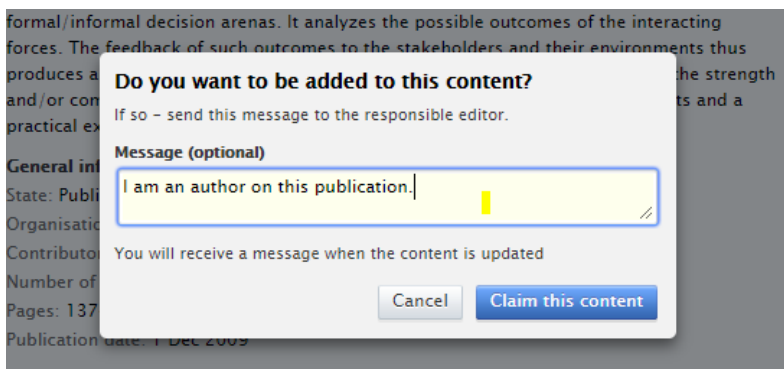

4. Hover your mouse over the research output record you wish to claim. A **settings icon**  will appear on the bottom right of the record.

5. Click the **Settings** icon, then click **Mine – claim content**.

6. A pop-up window will display asking if you would like to be added to the content. You can also leave an optional message.
7. Click **Claim this content**.

Alternatively, you can open the publication record and click **Claim this content** at the bottom of the record.

	<p>General information State: Published Organisations: School of Psychological Science Contributors: Walker, K. F. Number of pages: 23 Pages: 137-159 Publication date: 1 Dec 2009</p> <p>Host publication information Title of host publication: Advances in Industrial and Labor Relations Volume: 16 Editors: Lewin, D., Kaufman, B.
