

How do I link my research output with CMCA Equipment in the UWA Profiles and Research Repository?

Background

You can now link your publications, research datasets, grants and CMCA equipment in the UWA Profiles and Research Repository. This will help you enhance your Researcher Profile for potential collaborators.

Linking to CMCA Equipment

Login to start:

1. Go to the [UWA Profiles and Research Repository](#)
2. Click on **UWA Profiles and Research Repository login**
3. Log in with your UWA Office365 login details:
staffnumber@uwa.edu.au and Pheme password, or
studentnumber@student.uwa.edu.au and Pheme password.

1. Once logged in, select the menu for the type of record that you want to link to CMCA equipment, e.g. **Research outputs** or **Datasets**.

 Research outputs (4)	 Engagement/activities (2)	 Datasets (1)
Article 3	Contribution or participation in ... 1	Membership of professional... Dataset 1
Conference presentation/epaper 1		

2. Browse or search to locate the record you want to link the CMCA equipment to and then click on the title to open the record.

3. Scroll down to the bottom of the record and locate the **Relations** field.

The screenshot shows the 'Relations' section of the UWA Profiles and Research Repository. The 'Relations' tab is highlighted with a red box. The interface includes a sidebar with 'Edit' and 'Metadata' sections, and a main area for 'Research Outputs' with various buttons for adding different types of relations. The 'Facilities/Equipment' button is also visible. Below the relations section is a 'Visibility' section set to 'Public - No restriction'. The 'External publication IDs' section shows Scopus, PubMed, and WOS IDs. The bottom of the window shows 'Last saved: 6/11/18 23:36' and 'Import source: Scopus'. The status is 'Validated' with a 'Save' button.

4. Select **Facilities/Equipment** and begin typing the name of the CMCA equipment or Facility. Once found, select it from the list.

The screenshot shows the 'Facilities/Equipment' search results. The search term 'Bruk' is typed into the input field. Three results are listed: 'Bruker Avance IIIHD 500MHz NMR spectrometer', 'Bruker BioSpec 94/30 US/R MRI', and 'Bruker Avance IIIHD 600MHz NMR spectrometer'. Each result includes the name, the Centre for Microscopy, Characterisation and Analysis, and the category 'Facility/Equipment: Equipment'.

5. Click **Save** at the bottom of the window.

Remember: When updating fields in your profile, the **Create or Update** button will apply your changes, but you will still need to press the blue **Save** button to retain any changes (this is always located at the bottom of the record window).
