

Non-Invigilated Exams

Non-invigilated exams mean you are not recorded, monitored by AI, or observed live for the duration of the assessment. Non-invigilated exams may be delivered via ExamSoft or the LMS.

	Exam Mode	ExamID	Is the exam recorded?	How does it work?	Software access
Non-Invigilated Exams (offline)	open book exams via ExamSoft	Yes	No	<ul style="list-style-type: none"> You can access physical resources such as a calculator, writing pad, or hardcopy notes, and can use other programs on your computer. You will not be able to connect to the internet or use the LMS. Student ID is verified using ExamID but the exam is not recorded. 	This performs a partial lockdown of the laptop. You will not be able to connect to the internet, but can run other programs and switch between windows.
Non-Invigilated Exams (online)	open book exam via ExamSoft	Yes	No	<ul style="list-style-type: none"> You can access physical resources such as a calculator, writing pad, or hardcopy notes, as well as use other programs on your computer and access online material including the LMS. If needed you can enter answers online (e.g. enter answers to multiple-choice questions directly into Exemplify) and write working papers for other questions. You may need to scan and upload hand-written workings to LMS after the exam within a pre-defined time period. Please note this requires you to have access to stable internet for the full exam period. 	This setting does not lockdown the laptop. You will be able to connect to the internet, run other programs, and switch between windows.
	open book exam via Blackboard LMS/Turnitin	No	No	<ul style="list-style-type: none"> These could be Blackboard Tests of multiple choice or short answer formats, or Turnitin submissions to allow text- matching for written answers. Please note this requires you to have access to stable internet for the full exam period. 	N/A
