# Master of Business Information and Logistics Management

Do you want to build your skills in project management and focus on improving quality, workflow management, processes and systems? Business Information and Logistics Management blends studies in information systems, management science and decision support systems.

The Master of Business Information and Logistics Management develops and expands your skills in enterprise systems requirements, managing and strategically aligning supply chains, analysing organisational data for business intelligence, managing and leading ICT infrastructure projects, and applying emerging technologies across the enterprise.

## Admission requirements

### Requirements

There are three entry pathways.

#### Pathway One

A bachelor's degree, or an equivalent qualification, as recognised by UWA, and one of the following:

- (a) the equivalent of a UWA weighted average mark of at least 60 per cent;
- or
- (b) a valid Graduate Management Admission Test (GMAT)<sup>1</sup> with a score of at least 550;
- or
- (c) at least five years of relevant documented professional experience considered by UWA to be sufficient to permit satisfactory completion of the course requirements.

<sup>1</sup> GMAT scores are valid for five years.

#### Pathway Two

A UWA graduate certificate which articulates with this course with a weighted average mark of at least 65 per cent.

#### Pathway Three

A graduate certificate or equivalent from an equivalent and accredited course from another institution, with a weighted average mark of at least 70 per cent.

## Career opportunities

Graduates from the Master of Business Information and Logistics Management may pursue careers as a business analyst, data analyst, programmer, online marketing specialist, customer relationship manager, IT Support or information manager.

2019 Course fee (per year): AUD\$38,300

## Master of Business Information and Logistics Management student - Lakshmi Tummala

*"The Master of Business Information and Logistics Management is a very unique course at UWA. It blends specific areas to prepare you for the business world. In addition to the eminent professors and high-quality lecturers in the Faculty, we get the opportunity to receive personal guidance. As a Guild member, I enjoy the exposure I get to different disciplines because the students involved are from departments all over the University."*
