Notes

- You'll need to use course codes for applying or changing preferences. You can also find these codes and course information using the 'Course Search' function on TISCOOnline. For most courses, you'll be selected for admission to university in 2020 on the basis of your ATAR/Selection Rank.
- All courses have a prerequisite of English Language Competence. Some courses have additional prerequisites. Check the UWA course information on Course Search for further details.

UWA has listed Guaranteed ATARs/Selection Ranks for most of its courses. If you achieve the Guaranteed ATAR/Selection Rank for a course, you are guaranteed acceptance into that course, provided you also achieve WACE, English Competency and a scaled score of 50 or more in the ATAR course prerequisites listed for the course. Remember though, the offer you receive will depend on your preference order. Some courses have no Guaranteed ATAR/Selection Rank listed as they use additional selection criteria (such as UCAT ANZ, audition, interview, etc.) and/or have limited places available. Minimum ATARs/Selection Ranks have also been provided. Minimum ATAR/Selection Ranks show you the rank needed to be considered for entry to a course. However, obtaining these ranks is not a guarantee of being selected for a place in these courses. Some courses will have 'N/A' for the minimum ATAR/Selection Rank as an ATAR is not applicable due to emphasis on other eligibility criteria. For most courses, information on the lowest, highest and median ATARs and Selection Ranks offered places in 2019 is available on TISC Course Search or university websites. For more information on Selection Ranks visit tisc.edu.au

Notes continued

If you're eligible for UWA's Broadway admission pathway, you will have a Selection Rank higher than your ATAR.

* The Bachelor of Philosophy and the Medical Sciences Major has a minimum ATAR of 98.00, the Master of Pharmacy and the Doctor of Podiatric Medicine has a minimum ATAR of 94.00. Obtaining these ATARs is not a guarantee of being selected for a place in these courses.

^ Medicine, Dentistry and Music have additional entry requirements. Entry is not based solely on ATAR score.

• All courses lead to a bachelors degree, except where indicated.

1. Subject to final approval.

2. Completion of this pathway constitutes approved prior learning for the Doctor of Dentistry (DMD) and the Doctor of Podiatric Medicine (DPM), but not a guaranteed place on either of these courses. Students seeking a direct entry pathway to the Doctor of Medicine (MD) should apply via the dedicated codes UWMDP or UWMDDB above.

3. The first year of a limited number of majors and programs will be available at the UWA Albany Centre. Second and higher years may also be available for some courses.

Alternative entry pathways

We offer alternative entry pathways that allow you to be considered for admission to a course if you didn't meet our standard entry requirements.

Broadway UWA

Students from designated schools receive an automatic positive ATAR adjustment, which may make you eligible for a place at UWA with an ATAR of 75.00-plus.

study.uwa.edu.au/broadway

Fairway UWA

Fairway UWA is a program that offers support and activities throughout Year 12 for students who have faced challenging circumstances. Upon completion, you may be eligible for a place at UWA below the standard entry requirement. Successful completion of the Fairway UWA program provides an alternative entry pathway to any of the three-year undergraduate degree courses at UWA with an ATAR of 70.00-plus (this is 10 below the standard UWA cut-off ATAR of 80.00).

study.uwa.edu.au/fairway

The Albany Centre: UWA Smart Start

If you didn't complete Year 12 ATAR, don't have qualifications for university entry, or would like to prepare for university studies, UWA Smart Start may be the program for you.

albany.uwa.edu.au/courses/prepare

UWay

School-leaver applicants and applicants completing mature-age WACE courses who believe their academic achievements in Year 12 have been adversely affected by certain disadvantages may apply for special consideration through the UWay scheme. Special consideration is also given to exceptional cases on an individual basis prior to each round of offers. Application forms are sent to WA secondary school principals in August and are also available online along with further information about the application process and closing dates.

study.uwa.edu.au/uway

AccessUWA

AccessUWA provides you with an opportunity to enrol in units at UWA without being formally admitted to a degree course. Upon successful completion of a minimum number of units, you can apply for undergraduate admission based on your AccessUWA results.

study.uwa.edu.au/accessuwa

First in Family

Our First in Family program is designed to support students in achieving their goals to be the first in their immediate family to attend university. If this reflects your situation, you may be eligible for a place at UWA below the standard entry requirement, for example with an ATAR of 75.00 - 79.95.

study.uwa.edu.au/first-in-family

Entry pathways for Indigenous students

UWA's School of Indigenous Studies has extensive experience in offering tailored pathways into all undergraduate courses for Aboriginal and Torres Strait Islander people. Pathways include the Aboriginal Orientation Course, UWA Smart Start Course and the Provisional Entry Scheme.

sis.uwa.edu.au

Professional pathways

If you are unsuccessful in gaining entry into a Direct Pathway using your ATAR, you can always get into study in the same area using the graduate pathway. This will involve entering your three-year undergraduate degree, maintaining satisfactory grades and then applying for your postgraduate degree at the end of the last year of your bachelor's degree.

See page 6 for popular graduate pathways.

Overseas secondary qualifications

UWA accepts a number of overseas secondary education qualifications as satisfying the entry requirements to UWA degrees.

Prerequisites

Check you have met the prerequisites or recommended courses for your intended area of study (see individual course entries on the UWA website), and that you satisfy the University's English language competence requirement.

Scholarships

UWA offers a range of scholarships to support students to reach their full potential:

- Prestigious scholarships
- Academic excellence scholarships
- Sporting excellence scholarships
- Residential scholarships
- Regional and remote scholarships
- Equity scholarships
- Indigenous Australian and Torres Strait Islander scholarships
