Why students love Perth

By choosing UWA, you're not just choosing a world top 100 university¹, you're choosing to live in a city of opportunity that's the perfect base for study – and a launchpad for your career.

Growing population

- Perth is Australia's fourth-largest city and is consistently one of the fastest-growing cities in Australia
- Its population has doubled in 40 years² to 2 million
- It has a projected population of 3.5 million by 2050³
- Perth is multicultural, warm and welcoming – 37% of its population was born overseas, with people from 190 countries⁴

Perth is a city of opportunity and prosperity

- WA has long been the export powerhouse of the Australian economy, producing 48% of Australia's merchandise exports in 2019-20²
- 35% of ASX-listed companies have headquarters⁴ in Perth
- The economy sees consistently strong economic growth, above the Australian average²
- Annual incomes in Perth are 8% above the national average⁵

An affordable, quality lifestyle

- Perth is a safe, friendly and welcoming city, famous for offering a quality lifestyle
- It's the sunniest capital city in Australia and in the top 10 healthiest cities in the world^{6,7}, with more than eight hours of sunshine per day, and good to very good air quality year-round⁸
- Transport is easy – Perth city is less than 20 minutes from beaches and national parks
- It's officially rated as world's 14th most liveable city

More recently, Perth has become one of the most affordable destinations for students.

- More affordable than Melbourne, Sydney or Brisbane⁹
- Lowest accommodation cost of any Australian capital city⁹

Postgraduate studies at UWA

A postgraduate degree is a great way to elevate the next stage of your career – whether you want to change direction completely, expand your skillset or already have a specialist subject in mind.

At UWA, you'll graduate with the experience, knowledge and ability you'll need to achieve your goals.

You'll also widen your employment prospects by growing your level of expertise and making valuable connections with industry professionals.

Seek industry insights

Our strong industry partnerships provide you with valuable exposure and contacts even before you graduate.

Seek passionate and engaged mentors

You'll be taught by world-leading experts who want you to get involved in their research.

Seek hands-on, practical experience

You'll get out of the classroom and into the field (sometimes it's an actual field), gaining practical research experience.

Seek something more

You'll graduate with a higher level of skills and knowledge, making you more attractive to employers.

Student life

UWA is more than a university – it's your community. There are many great places to eat, drink and shop, get fit, discover incredible art, relax, study and more.

Accommodation

Living at UWA means you can easily walk to uni, cafés and shops; you're also a short bus ride to the city and Perth's best beaches.

Arts and culture

Our on-campus art gallery features rotating exhibitions. Explore museums and enjoy regular music concerts.

Events

Enjoy fun social events, opportunities for industry networking, workshops and more.

Extracurricular courses and programs

Through collaborations with industry partners, we offer a range of free leadership, entrepreneurial and other courses to expand your skillset and advance your career.

Food and drink

Enjoy a variety of cuisines (catering for all dietary requirements) from cafés and a range of food outlets on campus and in the neighbourhood.

Health promotion

Gain knowledge in various areas across community health and wellbeing to improve the lives of your peers.

Postgraduate Student Space

Enjoy dedicated postgraduate study spaces on campus.

Internships

Gain valuable experience for your future career.

Libraries

UWA has five libraries across campus with high-tech study facilities, resources and learning spaces.

Spirituality and faith

UWA is a multi-faith university that supports and welcomes students with diverse cultural and spiritual backgrounds.

Sport and fitness

Get active with our state-of-the-art gym, swimming pool, a wide range of recreational and fitness courses, social sports and more.

Student clubs and faculty societies

With more than 140 clubs and societies you're sure to find a perfect fit.

UWA app

Find events on campus, connect with friends and discover all the tools to get ahead.

Accommodation at UWA

There are many options for good-quality accommodation close to the UWA campus. Guaranteed accommodation is offered to new full-time students.

uwa.edu.au/guaranteed-accommodation

Living on campus

Make the most of your time at UWA and enjoy an amazing, fully inclusive lifestyle. Our five residential colleges are located directly opposite UWA, and offer a range of room types suitable for postgraduate students.

As well as your own secure, fully furnished room, you'll get:

- some meals (depending on college/room type), cleaning, utilities, internet and more included in your fees
- an action-packed calendar of events, activities and programs
- plenty of spaces in which to study, relax or be active
- an extensive range of personal and career development opportunities
- 24/7 support, whether you need help with study or just someone to talk to
- lifelong friends from all over the world.

How to apply

1. Research the college websites to decide which suits you best.
2. Apply online at livingoncampus.uwa.edu.au (ranking the colleges in order of personal preference).
3. You'll be contacted directly by your first-preference college within two weeks.

Applications open 12 months in advance. We recommend applying as early as possible – you don't have to wait until you receive an offer from UWA.

UWA Housing Database

UWA Accommodation provides an online housing database for students. Students who have been offered a place at UWA, but have not yet enrolled, can still create an account and access the database, which includes listings by UWA students or staff members who have a vacant property or room available to rent.

accommodation.uwa.edu.au/housing-database

Living off campus

UWA owns and manages a range of apartments, units and houses adjacent to campus that are perfect if you're seeking a more independent lifestyle.

Ideal for postgraduate students and students with families you'll live just a short walk away from campus, the Swan River and a variety of local shops and cafés. Properties are partially furnished and you'll be supported by UWA's property management team who understand the needs of our students. Most of your neighbours are uni students, too!

Whether you choose to rent a UWA-owned property or one that is privately or commercially listed, you'll take full responsibility for the property and sign a rental contract for 6 or 12 months with the option to renew and stay longer.

As a guide, the average cost of renting or leasing an unfurnished one- or two-bedroom unit close to UWA is between AUD\$220 and AUD\$500 per week, but doesn't include utility connection fees or ongoing costs such as electricity and/or gas, telephone and food.

Perth city student accommodation

Campus Perth and The Boulevard (by The Student Housing Company) are purpose-built student accommodation properties endorsed by UWA. They offer a wide range of private and shared room options with rates starting from AUD\$162 per week* and you'll also have access to a variety of social spaces and onsite support. Both are located in Northbridge, Perth's vibrant social and cultural precinct, and close to public transport for easy access to UWA.

GRADUATE CERTIFICATE (AQF level 8)

These short courses usually take six months to complete full time, or the equivalent in part-time study. They give you fundamental knowledge for a specific discipline, making them ideal for developing an existing skillset or getting started with an entirely new one. If you haven't already completed a degree but have professional experience, a graduate certificate can be a great option, and you can use one as a standalone qualification or as a possible stepping stone to a graduate diploma and/or a master's degree.

GRADUATE DIPLOMA (AQF level 8)

Usually taking a year full time (or part-time equivalent), these build on what you learn in a graduate certificate, with more in-depth knowledge. They are a good option if you'd like to return to study but don't have the time required for a master's degree. Your graduate diploma can be used as a qualification by itself, or can lead into a master's at a later date.

MASTER'S (AQF level 9)

For advancing your career prospects and standing out in your chosen profession, a master's degree is perfect. Normally running 1.5 to two years full time (or part-time equivalent), they are highly regarded by employers for the high level of specialised industry knowledge and skills they give you.

Depending on the course you choose, the course type may include one or more of the options below:

- Coursework: you'll take units involving class attendance, readings, assignments and exams, similar to undergraduate studies but at an advanced level.
- Coursework and dissertation: your course will include both coursework and research (up to 66.6%) components.
- Thesis and coursework: your course will include both research (more than 66.6%, but less than 100%) and coursework components.
- Research: your course will include a supervised research component.

HIGHER DEGREE BY RESEARCH: MASTER'S AND PHD (AQF level 9 or 10)

If you enjoy working independently and have a specific interest in a topic that you'd like to rigorously explore, embarking on a higher degree by research could be for you. You should be curious, driven and naturally drawn to a deep intellectual challenge. Your unique creativity and critical thinking will help you contribute original scholarship to a topic, and you'll be closely mentored by a supervisor throughout your candidature.

DOCTORATE (AQF level 10)

A professional doctorate is ideal if you enjoy research and want to contribute to the knowledge base of your chosen profession. It's a pinnacle of expertise – one of the highest qualifications you can achieve – and usually takes three to four years full time (or part-time equivalent).

RESEARCH VS COURSEWORK

Coursework degrees follow a set pattern of learning, making them perfect if you're looking for a structured way to pick up the skills you're looking for. But if you're keen to follow a more independent path to knowledge, our higher degree by research (HDR) programs are for you. UWA is one of Australia's top research-intensive universities, and our research degrees offer a unique opportunity to explore your passion or follow your interest, while learning alongside globally renowned experts.

Master of Biotechnology

CRICOS CODE: 083859F

UWA COURSE CODE: 71580

COURSE TYPE: Coursework or Coursework and Dissertation

INTAKE: Semester 1, Semester 2

DURATION: 1.5-2 years full time

2021 TUITION FEE: AUD\$41,700 per year

CAREER OPPORTUNITIES

Biotechnologist, biomanufacturing specialist, business development manager

This is a signature program that sets us apart from other universities by offering a thorough grounding in state-of-the-art biotechnology and combining this with training in enterprise and commercialisation. This includes developing the theory of genetics and molecular biology in parallel with skills training in practical techniques such as genomics, proteomics, metabolomics, recombinant DNA methods, and basic and advanced bioinformatics.

REQUIREMENTS

To be considered for admission to this course an applicant must have—

- (1) (a) a Bachelor of Science, or an equivalent qualification, as recognised by UWA; and
 - (b) the equivalent of a UWA Weighted Average Mark of at least 50 per cent; and
 - (c) met the prerequisite for the chosen specialisation.
- (2) For the Biochemistry and Molecular Biology specialisation, an applicant must have—
 - (a) successfully completed intermediate units at a tertiary level in biochemistry, or equivalent, as recognised by UWA; and
 - (b) successfully completed intermediate units at a tertiary level in molecular biology, or equivalent, as recognised by UWA.
- (3) For the Environmental and Agricultural Biotechnology specialisation, an applicant must have successfully completed Chemistry ATAR, or CHEM1003 Introductory Chemistry, or equivalent, as recognised by UWA.
- (4) For the Genetics and Genomics specialisation, an applicant must have successfully completed intermediate units at a tertiary level in genetics, or equivalent, as recognised by UWA.

COURSE TYPE: Coursework or Coursework and Dissertation

INTAKE: Semester 1, Semester 2

DURATION: 1.5-2 years full time

2021 TUITION FEE: AUD\$40,700 per year

CAREER OPPORTUNITIES

Environmental consultant, environmental manager, environmental scientist

This master's degree will develop your practical experience in dealing with issues such as climate change, water resource management, sustainable natural resource use, and the rehabilitation of degraded or polluted environments. You'll gain advanced skills and knowledge in the monitoring and assessment of environmental systems using field, laboratory, modelling and statistical methods and techniques.

REQUIREMENTS

To be considered for admission to this course an applicant must have—

- (1) (a) a bachelor's degree, or equivalent, as recognised by UWA; and
 - (b) the equivalent of a UWA Weighted Average Mark of at least 50 per cent; and

Professor Richard J Hobbs FAA is a UWA professor, IAS Distinguished Fellow and an internationally renowned ecologist. The Australian Academy of Science Fellow also heads up the Ecosystem Restoration and Intervention Ecology Research Group (ERIE) and was awarded an ARC Australian Laureate Fellowship for his research into 'Intervention ecology: managing ecosystems in the 21st century'.

Professor Hobbs is a highly cited author who has written extensively on:

- vegetation dynamics and management
- ecosystem fragmentation
- ecosystem rehabilitation and restoration
- landscape ecology
- conservation biology.

Currently, his research focuses on managing and restoring ecosystems in a rapidly changing world – and there's no place more ideal to do that than Western Australia.

Over his career, he has worked with the CSIRO Division of Wildlife and Ecology in Western Australia and worked on the dynamics of fragmented ecosystems in the Wheatbelt, becoming the Officer in Charge of the Western Australian laboratory in 1997. In 2000 Professor Hobbs took up a Chair in Environmental Science at Murdoch University and was awarded an ARC Australian Professorial Fellowship in 2006.

“Western Australia, and the South West in particular, is one of five of the most diverse parts of the planet, so as an ecologist it’s a fascinating place to be. We’re still learning so much about the plants and animals here, still discovering new ones, so it’s a biological frontier.”

Architecture, Design and Planning

Study Architecture, Design and Planning to create cities, cultures and communities for a sustainable future.

Creative and strategic thinkers come together to push the boundaries of knowledge, culture, habitats and landscapes. At UWA, you'll be part of a community that aims to understand the architecture, landscape and art of Australian cities and housing, creating an impact on Australia and the world.

Our courses prepare you for a wide range of careers in areas such as architecture, building information modelling, landscape architecture, urban design, urban and regional planning and more.

Our research focuses on Western Australian and Australian cities and housing, contemporary landscape theory, urban ecology and biophilic design, visual and building cultures, contemporary Australian art theory and practice, Indigenous art, and Byzantine architecture.

Top five reasons to study Architecture, Design and Planning at UWA

- Learn from award-winning, internationally recognised teachers and practitioners.
- All courses have strong practical and creative components.
- Impressive industry and community engagement allows you to work on real-world projects, ranging from housing to museums to space stations.
- Make use of equipment and state-of-the-art facilities such as plastic-extrusion 3D printers, laser cutters, printmaking studios and 24/7 computer labs.
- Our students have won national and international student competitions.

"During my time at UWA I enjoyed meeting new people and being involved in group projects. This will prepare me for the future work industry where I will be required to work with different people with a range of skills. In addition, the lecturers are always ready to assist and provide positive feedback. It is also great to learn how to correctly undertake the design process – a critical part of being a successful designer is first establishing a sound design foundation and then building on this with a rigorous and structured approach."

EZONE UWA

Engineering is a force to create profound change and improvement in society. At UWA, our goal is to produce independent graduate engineers who are empowered to change the world and seek solutions to humanity's greatest challenges.

Embarking on an engineering pathway at UWA allows you to develop logical thinking and crucial analytical skills, preparing you for a career in a number of highly paid fields. To ensure you're ready for a rapidly changing workforce, our School of Engineering has developed leading courses in close consultation with industry.

You'll gain an in-depth understanding of the social needs that drive innovation, and prepare to meet upcoming global needs, from creating some of the world's biggest buildings to designing minuscule electronic devices that make a large impact.

If you choose the Master of Professional Engineering you can choose from these specialisations:

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical and Electronic Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Software Engineering

Our other engineering courses prepare you for a wide range of careers in professional engineering, renewable and future energy, ocean leadership, biotechnology and more.

Top five reasons to study Engineering at UWA

- Collaborate with industry leaders to develop practical, hands-on skills.
- Graduate with a higher-level qualification and wider international recognition with a master's degree.
- Gain a strong technical foundation to deliver major projects.
- Industry and graduate links provide valuable connections.
- Dedicated, engaged lecturers with professional experience and knowledge.

UWA HEALTH CAMPUS
AND QEII MC

Health and Biomedical Sciences

23RD
IN THE WORLD
FOR ANATOMY AND
PHYSIOLOGY

(QS WUR BY SUBJECT 2020)

Are you passionate about advancing the health and wellbeing of communities? Studying Health and Biomedical Sciences at UWA will develop your analytical, technical and problem-solving skills, and provide you with the knowledge and practical experience for careers as diverse as clinical practice, medical research or public health.

The global demand for graduates with health and medical expertise is growing. You may choose to become a health practitioner, working directly with patients in hospital or community-based settings, but studies in this area also provide excellent preparation for careers in research, training, policy, planning and management.

We have WA's most comprehensive range of accredited pathways to a professional career in health, including medicine, dentistry, optometry, pharmacy, podiatric medicine, psychology, social work and clinical pathology.

You can also join the in-demand health industry through a postgraduate qualification in public health, infectious diseases, nutrition, exercise and health, clinical exercise physiology or sport science.

We are tightly integrated with the Western Australian health system, public and private health providers, consumer advocacy groups and community health organisations. This close interaction ensures you will be equipped with the skills and knowledge to become a health leader of the future.

Our pioneering research continues to have an impact on the health of people worldwide, be it in preventing preterm birth, discovering the genetic basis of inherited and acquired disorders, or regenerative medicine.

Our researchers all share the desire to make a difference by translating their discoveries into clinical practice. Interdisciplinary collaboration is at the heart of our research success.

Top five reasons to study Health and Biomedical Sciences at UWA

- Real-world experience with lab-based learning, industry placements and research projects.
- Classes at UWA Health Campus on the Queen Elizabeth II Medical Centre site, the largest medical centre in the Southern Hemisphere.
- Be taught by leading experts in their field, who have won national teaching awards.
- Gain skills to meet global demand for graduates with health expertise.
- We are ranked 29th in the world for Clinical Medicine and 33rd for Human Biological Sciences (ARWU 2020).

HEALTH PROFESSIONS EDUCATION

Health Professions Education

CAREER OPPORTUNITIES

Health professions educator, education researcher, staff development educator, medical educator, clinical educator

A health professions education qualification equips graduates with the knowledge and skills to tailor their teaching to different levels of learners, from novice to more senior clinicians. To work successfully in the field of healthcare education, it is essential to have formal training in education to complement your clinical background.

The Master of Health Professions Education fosters interdisciplinary discussion and collaboration, and is designed to suit a range of health professionals who seek to develop their knowledge and skills in health professional education.

The Graduate Diploma in Health Professions Education will develop your knowledge beyond the foundation knowledge acquired in principles of teaching and learning, assessment, evaluation and research methods. You may study full time or part time through a combination of face-to-face teaching and online, with some units available as intensive short courses.

The Graduate Certificate in Health Professions Education provides important foundation knowledge in the principles of teaching and learning, assessment, evaluation and research methods in health professions education.

Master of Hydrogeology

CRICOS CODE: 074963C

UWA COURSE CODE: 72540

COURSE TYPE: Coursework or Coursework and Dissertation

INTAKE: Semester 1 and Semester 2

DURATION: 1.5–2 years

2021 TUITION FEE: AUD\$41,700 per year

CAREER OPPORTUNITIES

Hydrogeologist, environmental consultant, researcher

Hydrogeology deals with the distribution and flow of groundwater beneath Earth's surface and the interaction of groundwater with the atmosphere, biosphere and Earth's crust via chemical, physical and biological processes in groundwater systems. This course will develop your understanding of these complex and dynamic processes, and the impacts of human activity and environmental change on groundwater systems.

REQUIREMENTS

To be considered for admission to this course an applicant must have—

- (1) (a) a bachelor's degree, or an equivalent qualification, as recognised by UWA; and
- (b) the equivalent of a UWA Weighted Average Mark of at least 50 per cent; and
- (c) successfully completed prior tertiary study in geology, environmental engineering, environmental science (including units in hydrology or equivalent), or hydrogeology or in a related cognate discipline, as recognised by UWA.

Master of Physics

CRICOS CODE: 077499J

UWA COURSE CODE: 53560

COURSE TYPE: Coursework and Dissertation

INTAKE: Semester 1 and Semester 2

DURATION: 1.5–2 years full time

2021 TUITION FEE: AUD\$41,700 per year

CAREER OPPORTUNITIES

Medical physicist, research scientist, educator

The Master of Physics is about understanding the world around us at its most fundamental level. The knowledge generated through the study of physics is also the driving force behind most new technologies, from radars to lasers, from transistors to quantum computers, and from electron microscopes to advanced medical imaging scanners.

PROFESSIONAL ACCREDITATION

The Master of Physics (Medical Physics) is accredited by The Australasian College of Physical Scientists & Engineers in Medicine (ACPSEM).

REQUIREMENTS

To be considered for admission to this course an applicant must have—

- (1) (a) (i) a bachelor's degree in physics, or an equivalent qualification, as recognised by UWA; and
 - (ii) the equivalent of a UWA Weighted Average Mark of at least 65 per cent;

Research at UWA

Studying research at UWA is an exciting journey of discovery, where you'll work at the ever-shifting boundary between the known and the unknown. Students with a research qualification from UWA have demonstrated they are world-class researchers, and our graduates become leaders in a wide range of industries throughout the world.

At UWA, our emphasis on academic curiosity sets us apart from other universities. Located in the time zone with the largest proportion of the world's population, UWA has built strong collaborative links with other universities, research institutes, businesses and governments all over the world.

UWA is home to two Nobel Prize for Medicine Laureates - Professors Barry Marshall and Robin Warren. Fields Medalist, Professor Akshay Venkatesh, is also an alumnus of UWA. The University also hosts seven of the world's Highly Cited Researchers and more than 60 academics across all of Australia's learned academies. Our Humanities, Economics, Law and Social Sciences programs have fostered a Prime Minister and state premiers, as well as many other leaders in wide range of contexts in Australia and many other countries.

- We run more than 75 research and training centres across the country
- UWA commands 80 per cent of university research funding in WA
- Our graduates are estimated to have contributed \$60 billion to WA's economy by 2050

Research degrees

A postgraduate research degree provides you with a unique opportunity to follow your interest in an area of research. Through the research process you'll extend your understanding of a subject area and develop advanced analytical and project management skills as well as the ability to work independently.

Doctor of Philosophy (PhD)

UWA COURSE CODE: 00810

INTAKE: Throughout the year

DURATION: 4 years full time

The PhD is a program of independent, supervised research that is assessed solely on the basis of a thesis, sometimes including a creative work component that is examined externally. The work presented for a PhD must be a substantial and original contribution to scholarship, demonstrating mastery of the subject of interest as well as an advance in that field of knowledge.

uwa.edu.au/study/d/philosophy

Master of Philosophy (MPhil)

UWA COURSE CODE: 00710

INTAKE: Throughout the year

DURATION: 2 years full time

The MPhil is a program of independent, supervised research that can be taken in any discipline for which appropriate supervision and resourcing are available and is assessed solely on the basis of a thesis. It mirrors the structure and breadth of the Doctor of Philosophy.

uwa.edu.au/study/m/philosophy

PhD/MPhil Admission Requirements

Approval for admission to a PhD/MPhil requires an applicant to demonstrate that they have sufficient background and experience in independent supervised research to successfully complete the course, and for the University to ensure that appropriate supervision and resourcing are available. Applicants are required to demonstrate that they have met the requirements of the University Policy on Adequate Research Preparation

(governance.uwa.edu.au/policies/adequate-research-preparation) and any other requirements for admission of the University, and

(a) have a bachelor's degree of this University or equivalent qualification;

or

- (b) (i) have previously undertaken work, of a sufficiently high standard, towards a higher degree by research in this or another approved institution but not have submitted it for any degree; and
- (ii) have completed an appropriate PhD/MPhil research proposal. A student who wishes to undertake a PhD/MPhil in the field of creative writing must, in addition, submit a substantial folio of published creative work, normally in the form of one or more books. Prior to enrolment, all applicants are required to demonstrate that they have met the University's English language requirements (study.uwa.edu.au/pg/english-language-requirements).

Master of Research (MRes)

UWA COURSE CODE: 00720

INTAKE: January

DURATION: 2 years full time¹

The MRes is designed to broaden options for honours students who wish to expand their research output, but have been unsure about transitioning straight from honours to PhD. The first year of the course comprises the honours year, and students who are admitted to the MRes proceed directly from the honours year into the second year of the MRes.

uwa.edu.au/study/m/research

Admission Requirements

By completing the requirements of an end-on honours degree at UWA or another recognised Australian tertiary institution, with a weighted average mark of at least 70 per cent, but not had the degree conferred.

¹ One year if honours is completed

Help with English language skills

UWA Centre for English Language Teaching (UWA CELT)

UWA CELT offers accredited English Language Intensive Courses for Overseas Students (ELICOS) programs in General English and English for Academic Purposes, as well as preparation for IELTS as an internationally recognised examination.

Academic English and Study Skills Bridging Course (Bridging Course)

The Bridging Course has been designed for international students who wish to study at UWA but do not have the University's required level of English proficiency. The course is also suitable for students with unconditional entry into UWA who would like to further develop their language ability, study and research skills, and confidence before commencing tertiary study.

A 70 per cent pass in the Bridging Course meets the University's English language requirement for most undergraduate and postgraduate courses, although some postgraduate courses have a higher English language requirement¹.

How to apply – Postgraduate Coursework

1 Choose your course

Choose your preferred postgraduate course from this course guide or at uwa.edu.au/study and check that you satisfy your chosen course's admission requirements.

2 Apply Online

To start your application, visit uwa.edu.au/study and click on the 'Login' button on the top right-hand corner of the page. If it's your first time applying to UWA, create a profile by selecting the 'sign up' tab. Once you've signed up, submit all required documentation in digital format or submit your application through a UWA overseas representative in your country. A complete list of representatives can be found at uwa.edu.au/study/agents.

3 Track your application

After you have submitted your application you can track its progress via the UWA Apply portal. You can also upload any additional documents we need.

4 We'll send you a letter of offer

We'll send you an email to notify you of the outcome of your application. If your application is successful, you will receive an offer letter or a conditional offer letter if more steps are required via email.

5 Accept your offer

When you receive your offer letter email, click the 'accept' button to be taken to UWA Accept, where you can accept your offer. Log in with the account you used to apply (UWA Apply portal) and you will see your offer.

You may be required to submit scans or clear photographs of any requested documents, agree to the terms and conditions of studying at UWA and then make your first payment.

6 Pre-enrolment information

When the University confirms all submitted documents are correct, you have met the English language requirements for your course and your first payment has been received, you will be issued a Confirmation of Enrolment (CoE) package that contains a letter of welcome including links to our pre-departure and on-campus accommodation guides and a Confirmation of Enrolment.

7 Enrol online

You can now enrol in your course at uwa.edu.au/unistart/enrol.

8 Flights and visa

You are required to make your own travel and student visa arrangements. UWA's overseas representatives can help with these arrangements if you need any additional advice or assistance. In some countries, student visas can be obtained electronically. Visit homeaffairs.gov.au

We're here to help.

If you're unsure if your results qualify you for entry, or you would like more details on how to apply, contact our Future Students Centre to discuss your options. Call us on +61 8 6488 1000, or visit ask.uwa.edu.au.

Scholarships available to international students

We offer a range of UWA-funded and other scholarships to international students from across the globe.

You might want to consider applying for one of these, which encourage you to pursue excellence, during your time in Perth or at our regional campus in Albany.

Below are just a few of the scholarships on offer:

UWA Global Excellence Scholarship

If you're a high-achieving student from an eligible country and you're applying for an undergraduate or postgraduate degree at UWA, you could be awarded one of our Global Excellence Scholarships. The scholarship offers an annual tuition fee discount and eligible students will be automatically offered the scholarship in their offer letter from UWA. This means you do not need to submit a separate application for this scholarship. Find out more: uwa.edu.au/study/global-excellence-scholarship

UWA Global Sporting Excellence Scholarship

Got an aptitude for sports? UWA's Global Sporting Excellence Scholarship is awarded to high-performing athletes, coaches and officials who are from an eligible country and commencing a course in which this scholarship is available. Find out more: uwa.edu.au/study/global-sporting-excellence-scholarship

Destination Australia Scholarships

A total of 16 scholarships valued at \$15,000 per student per year will be made available from 2021 to students who wish to study at the UWA Albany campus. The generous allocation of funds per annum provides the possibility for students to either pay for their courses up front or pay rent and living expenses – or maybe a combination of both. Find out more: education.gov.au/destination-australia

Postgraduate Research Scholarships

UWA offers a wide range of prestigious postgraduate research scholarships. Some of our prestigious scholarships include:

UWA International Fee Scholarships and University Postgraduate Awards

Awarded to top quality international postgraduate students to support Australia's research effort. Successful applicants can expect to become members of a research team working under the direction of senior researchers and in an area which has attracted external resources. Funded by UWA, these scholarships cover International Tuition Fees for up to four (4) years, Overseas Student Health Cover (OSHC) for the award holder and their dependents and provide a living allowance valued at AUD\$30,000 per annum.

Forrest Research Foundation PhD Scholarships

Awarded to outstanding students who wish to undertake high quality research and enrol in a Doctor of Philosophy (PhD) at a Western Australian university. All Forrest Scholars will receive a package which includes a tuition fee scholarship, OSHC for the award holder and their dependents, a stipend of AUD\$30,000 per annum, research and travel allowance of AUD\$13,000 and accommodation at Forrest Hall.

Dean's Excellence in Science PhD Scholarships

Awarded to academically outstanding international and domestic students wishing to undertake a research doctorate (PhD) in the Faculty of Science. All Dean's Excellence in Science PhD Scholars will receive a scholarship package which includes a living allowance (stipend) valued at AUD\$40,000 per annum; a research travel/conference allowance of AUD\$5,000 per annum; a research operating and submission costs allowance of AUD\$5,000 per annum; Overseas Student Health Cover; and tuition fees.

Dean's Excellence in Arts, Business, Law and Education PhD Scholarships

Awarded to academically outstanding international and domestic students wishing to undertake a research doctorate (PhD) in the Faculty of Arts, Business, Law and Education (FABLE). All Dean's Excellence in Arts, Business, Law and Education PhD Scholars will receive a scholarship package which includes a living allowance (stipend) valued at AUD\$33,000 per annum; Overseas Student single Health Cover; and tuition fees.

For the latest scholarships visit uwa.edu.au/study/research/research-scholarships.

Money matters

Compared to other major cities around the world, living and studying in Perth is a smart decision for international students.

One of Australia's most affordable capital cities

Working in Australia as an international student

Under the terms of a student visa, once you have commenced your course as an international student, you can work up to 40 hours per fortnight while your course is in session and unlimited hours during scheduled course breaks.

homeaffairs.gov.au

40 per cent discount on public transport

As an international student in Perth, you receive a Western Australian Government-sponsored 40 per cent discount on all public transport. Free buses operate around the Perth CBD and, on average, public transport costs AUD\$30–\$60 per week.

Cost of living

The annual cost of living in Perth depends on your lifestyle and the type of accommodation you choose; however, AUD\$450–\$600 per week is generally sufficient for most single students to live comfortably (this does not include tuition fees or medical cover). Consider extra funds to cover various items such as airfares and textbooks. There may also be ancillary fees applicable to your course.

uwa.edu.au/study/student-life/cost-of-living

- Phone and internet: AUD\$15–\$30 per week
- Car (after purchase): AUD\$150–\$260 per week
- Entertainment: AUD\$80–\$150 per week
- Groceries and eating out: AUD\$140–\$280 per week

Student Services and Amenities Fee (SSAF)

The UWA Student Services and Amenities Fee is a compulsory fee that directly benefits all UWA students. The fee is used to develop and provide a range of recreational facilities together with social, education and representation activities and services.

uwa.edu.au/students/my-course/fees-and-payments/ssaf

Overseas Student Health Cover (OSHC)

The Department of Immigration and Border Protection requires international students applying for a student visa to have Overseas Student Health Cover for the entire duration of their student visa. This is not applicable to students from Norway, Sweden and Belgium, who are covered under a separate arrangement.

OSHC is offered by a number of providers. You may obtain OSHC from the provider of your choice.

uwa.edu.au/students/campus-life/international-student-essentials/overseas-student-health-cover

The University of Western Australia has a 'preferred provider' agreement with Allianz Global Assistance. On acceptance and payment of your offer, UWA will arrange health cover with Allianz Global Assistance for the duration of your student visa. For information on the University's agreement with Allianz Global Assistance, refer to uwa.edu.au/students/campus-life/international-student-essentials/overseas-student-health-cover.

Students who take the OSHC policy with UWA will automatically receive support through the Sonder App. Sonder Australia provides access to a student safety network, which can provide 24/7 in-person critical incident assistance when required.
