## Enterprise and innovation

The new Futures Observatory at UWA embraces our ever-changing technological world and enables 'futures thinking' among those who seek a more engaging learning atmosphere. The Observatory trains staff in the latest emerging technologies, allowing students to engage with hands-on, educational experiences. From robots to 'virtual reality, and collaborative touch screens' to 3D printers, you can work with state-of-the-art developments that are changing the way we teach and learn.

You can also get involved with the University's Innovation Quarter (UWA IQ), which promotes industry innovation and student entrepreneurship. The multidisciplinary program aims to assist and build upon student projects that have the potential to make a difference to the University and the wider community. Join the Bloom group to meet and work with like-minded classmates who have a brain for business.

# Global networks of knowledge and research

UWA partners world-class lecturers and researchers with the teaching technologies of tomorrow to deliver students a leading learning environment. A strong focus on knowledge and research capabilities means you will be at the forefront of a rapidly evolving world and ready to succeed in your career of choice.

## High-class research

With more than 75 research institutes and centres, UWA fosters links with local, national and international industries and governments. The strength of our research output makes us appealing to researchers of international standing, many of whom head major research centres with global connections. This means as a student you'll benefit from the knowledge and expertise of the University's staff, with networking opportunities that can lead to career possibilities around the world. Together, UWA's high-calibre researchers and students are solving some of today's most critical and challenging problems, from spinal-cord injury repair to ensuring the stability of large offshore oil and gas platforms.

## Research with international impact

### Exploring uncharted waters on dry land

A new 26-tonne centrifuge at UWA allows researchers to test the suitability of deep-water structures, using scaled models to demonstrate how offshore foundations work under different conditions. This one-of-a-kind facility gives the University a chance to provide valuable data to companies such as Woodside, Shell, Fugro and Lloyd's Register.

### Bringing an end to superbugs

Our researchers have led a worldwide team to map the 3D structure of the EptA protein. EptA helps deadly bacteria hide from antibiotics and the immune system, creating multi-drug resistance. This research breakthrough could unlock the defences of superbugs and open the door to saving millions of lives.

### Discovering gravitational waves

A group of scientists from UWA, led by Professor David Blair and working with an international project team, have opened a window to the cosmos by confirming a major prediction of Albert Einstein's general theory of relativity. For the last seven years, the group has worked to detect ripples in the fabric of space-time and prove that the black holes of Einstein's theory are out there.

### Spotlight on UWA's Nobel Laureate

Professor Barry Marshall was awarded a Nobel Prize in 2005, for his revolutionary co-discovery of the stomach-ulcer-causing bacterium *Helicobacter pylori*. Professor Marshall continues to treat patients and leads UWA research teams within the Marshall Centre for Infectious Diseases Research and Training, of which he is a director.

## The Albany Centre

UWA also has a high-tech regional campus in the Great Southern town of Albany – a four-hour drive from Perth. Here you can experience all that regional Western Australia has to offer while studying at university.

For more information visit  
[albany.uwa.edu.au/courses](http://albany.uwa.edu.au/courses)

# Student life

At UWA, we like to think of ourselves as more than a university. We're a community, made up of passionate and dedicated staff, students and alumni. Discover a new culture, meet new people and have fun while you complete your studies with us.

## UWA Student Guild

Student life at UWA is vibrant, with social activities on campus organised by the UWA Student Guild, the representative student organisation. The UWA Student Guild has a reputation for being one of the most active in Australia. It organises countless activities including festivals, workshops, end-of-semester parties, networking opportunities, the Guild Ball (formal dance) and the National Campus Band competition, and runs more than 140 clubs and societies.

[uwa.studentguild.com](http://uwa.studentguild.com)

The Guild also provides student representation, with staff on hand to give extra support to you on academic, financial or welfare matters affecting your study. The free Guild membership entitles students to great discounts

on campus and at restaurants, shops, activities and services around Perth.

## The Guild Village

The Guild Village is a hive of activity and houses shops, food outlets, a medical centre, hairdresser, bank and other useful student amenities. The regular market day is the place to buy inexpensive, locally made clothes, jewellery and more.

## Volunteering

The Guild Volunteering office helps students find their perfect volunteering role. Many opportunities may be added to your degree transcript and you can choose to work in a range of fields (sports, education, arts, environment, health and more). These opportunities range from drop-in sessions to one-day events and ongoing projects. The office

also runs weekend volunteering trips, which are fun, affordable ways to see more of WA.

## The Postgraduate Students' Association (PSA)

The PSA represents postgraduate students on campus as well as holding a number of events throughout the year including Research Week, Careers Week, sundowners, cocktail parties, afternoon teas, a quiz night and a sports day. The PSA also runs a grants scheme for small postgraduate group activities. All postgraduate students automatically become members upon enrolment.

## Coursework degrees

Our postgraduate coursework degrees help you develop a thorough understanding of an area of study, diversify your educational background or obtain specific vocational training.

### Coursework degrees include:

- Graduate certificates
- Graduate diplomas
- Master's by coursework
- Master's by coursework and dissertation
- Clinical doctorates
- Professional doctorates

## Research degrees

Students keen to contribute knowledge and develop important skills or explore an area of personal interest may consider a research degree. These involve a project of supervised but independent enquiry at an advanced level, resulting in the submission of a research thesis (or equivalent) which is examined by experts in the field.

### Research degrees include:

- Master's by thesis and coursework
- Master of Philosophy (MPhil)
- Professional doctorates
- Doctor of Philosophy (PhD)

## Articulation/articulated course

Articulation may be available within certain sets of courses. It is a sequence of related postgraduate courses in a specific discipline area, offering progression from one course level to another with credit granted for all units passed to the appropriate standard in the previous level. Graduate certificates, graduate diplomas and/or master's degrees may form part of this sequence. See table below for more information.

The UWA Business School is one of the premier business schools in the Asia-Pacific region. The School inspires and propels talented students from around the world to become the respected and innovative academic, community and business leaders of tomorrow.

We are one of only eight institutions in Australia to hold international accreditation from both EQUIS (the European Quality Improvement System) and AACSB (the Association to Advance Collegiate Schools of Business). This ensures our degrees are recognised by employers worldwide, and guarantees the quality of our teaching, research and other operational areas.

Our major corporate partners include ATCO Australia, BHP, EY, Macquarie Group, PricewaterhouseCoopers, Wesfarmers and Woodside. These industry links enable us to provide a richer education for our students and ensure our programs are relevant and valuable to industry.

**Duration:** 2 years

**Intake period:** February

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$31,600

### COURSE DESCRIPTION

This course prepares university graduates for a rewarding career in teaching. By studying a teaching degree at UWA you gain valuable practical experience in our many partner schools and work with outstanding lecturers who integrate theory and practice across learning areas.

#### Specialisations

Choose from the following specialisations:

- Early Childhood
- Primary

#### Early Childhood

Early childhood teachers play a critical role in preparing young children for lifelong learning, personal wellbeing and participation in society. This course places a strong emphasis on in-depth knowledge of the research, theory and practical skills required of educators in early childhood settings, from birth to the lower primary years.

The Master of Teaching (Early Childhood) qualifies you to work in government and non-government schools, both in Australia and internationally, as well as in a range of other early childhood setting such as childcare centres.

#### Additional information

Early childhood, primary and secondary teaching requirements

Teacher education students are required to obtain a National Criminal Record Check and a Working with Children Clearance before being placed on teaching practice. Students must also obtain a police clearance before placement and it is strongly recommended that international students obtain this from their home country before arriving in Australia.

#### Primary

Primary teachers are pivotal in helping children build strong foundations and confidence in their learning. This course provides in-depth knowledge on how to support children in their development of knowledge, understanding and skills across a range of learning areas. The Master of Teaching (Primary) qualifies you to teach in primary schools.

#### Requirements

- (1)
  - (a) a bachelor's degree, or an equivalent<sup>1</sup> qualification;
  - and
  - (b)
    - (i) at least one year of the bachelor's degree relevant to one or more learning areas in the Early Childhood or Primary school curriculum for applicants who wish to major in Early Childhood or Primary Teaching respectively.
- (2) Applicants who have a bachelor's degree in education, or an equivalent qualification, are not eligible for admission.
- (3) Applicants with qualifications from institutions where English is not the medium of instruction must provide evidence of English language competence, with applicants presenting with the IELTS Academic requiring an overall score of at least 7.5, with no sub-score less than 7.0, and no less than 8.0 in speaking and listening. Applicants presenting with the Cambridge English: Advanced (CAE) require an overall grade of B or above, with a score of 'exceptional' for listening and speaking, and at least 'good' for reading and writing.
- (4) Applicants with qualifications gained wholly in English from countries other than Australia, New Zealand, the Republic of Ireland, Canada, the United Kingdom and the United States of America must provide evidence of English language competence in accordance with the requirements of the Teacher Registration Board of Western Australia.
- (5) An English bridging course is not regarded as evidence of English language competence.
- (6) International students must obtain a Criminal Record Check from their country of origin or recent residence.

**English language requirement:** IELTS (Academic) 7.5 (minimum of 7.0 in reading and writing and 8.0 in listening and speaking).

**Note:** Applicants must also provide a personal statement at the point of application.

A National Criminal Record Check and a Working with Children Clearance must be presented to the Graduate School of Education before any student undertakes a professional practice unit.

<sup>1</sup> The equivalent qualification must be at a level of academic achievement considered by UWA to be sufficient to permit satisfactory completion of the course. The equivalent of a UWA weighted average mark of at least 60 is used as a guide to decision making, however, admission to the course is competitive.

## Master of Teaching (Secondary)

[study.uwa.edu.au/m/teaching-secondary](http://study.uwa.edu.au/m/teaching-secondary)

**UWA course code:** 32550

**CRICOS code:** 077502G

**Duration:** 2 years

**Intake period:** February

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$31,600

### COURSE DESCRIPTION

This course prepares university graduates for a rewarding career in teaching. Candidates must have a degree with a major in the subject that they want to teach and which can be found in the school curriculum. This course aims to graduate highly skilled professionals who have the key practical skills required for effective secondary teaching, informed by current theory and research. As there is a severe shortage of secondary Mathematics and Physics teachers in Australian schools, we particularly encourage students with qualifications in those areas to consider a career in teaching.

#### Requirements

- (1)
  - (a) a bachelor's degree, or an equivalent<sup>1</sup> qualification;
  - and
  - (b) a major relevant to secondary teaching curriculum majors offered by UWA; and
  - (c) the equivalent of a UWA weighted average mark of at least 60 per cent.
- (2) Applicants who have a bachelor's degree in education, or an equivalent qualification, are not eligible for admission.
- (3) Applicants with qualifications from institutions where English is not the medium of instruction must provide evidence of English language competence, with applicants presenting with the IELTS Academic requiring an overall score of at least 7.5, with no sub-score less than 7.0, and no less than 8.0 in speaking and listening. Applicants presenting with the Cambridge English: Advanced (CAE) require an overall grade of B or above, with a score of 'exceptional' for listening and speaking, and at least 'good' for reading and writing.
- (4) Applicants with qualifications gained wholly in English from countries other than Australia, New Zealand, the Republic of Ireland, Canada, the United Kingdom and the United States of America must provide evidence of English language competence in accordance with the requirements of the Teacher Registration Board of Western Australia.
- (5) An English bridging course is not regarded as evidence of English language competence.
- (6) International students must obtain a Criminal Record Check from their country of origin or recent residence.

**English language requirement:** IELTS (Academic) 7.5 (minimum of 7.0 in reading and writing and 8.0 in listening and speaking).

**Note:** Applicants must also provide a personal statement at the point of application.

A National Criminal Record Check and a Working with Children Clearance must be presented to the Graduate School of Education before any student undertakes a professional practice unit.

<sup>1</sup> The equivalent qualification must be at a level of academic achievement considered by UWA to be sufficient to permit satisfactory completion of the course. The equivalent of a UWA weighted average mark of at least 60 is used as a guide to decision making, however, admission to the course is competitive.

## Juris Doctor application guidelines: about the Law School Admission Test (LSAT)

As part of the application process for the UWA Juris Doctor (JD), applicants are required to sit the Law School Admission Test (LSAT). The LSAT is an independent, international test administered by the Law School Admission Council (LSAC), which sends results directly to the UWA Law School.

The LSAT can be taken in any Australian capital city and in many countries around the world. Applicants should consult the LSAC website to confirm all registration and test date, information as dates may vary depending on the centre location. Applicants who have taken the test within the last five years may use those results for admission purposes.

### Do I have to sit the LSAT?

Applicants applying under the standard pathway for the UWA JD are required to have already sat or registered for the last LSAT of the calendar year, before applying. UWA Direct Pathway, Advanced Diploma in Indigenous Studies and some Equity and Diversity applicants are exempt from sitting the LSAT.

### What can I expect in the LSAT?

The LSAT comprises five multiple choice sections of 35 minutes each and a 35-minute writing sample. The writing sample does not contribute to the calculation of your LSAT score at UWA, although we receive this sample.

### The LSAT has three types of questions:

- Reading comprehension
- Analytical reasoning
- Logical reasoning

Go to 'About the LSAT' on the LSAC website for a more detailed description of these three question types and what to expect in the LSAT. Information on how the questions in the LSAT are relevant in testing an applicant's aptitude to study law are also available.

### How should I prepare for the LSAT?

In order to perform to your true ability, it is strongly recommended that you take the time to prepare for the LSAT. The LSAC website includes information on LSAT Preparation Materials, providing links to sample questions with explanations and a couple of sample LSAT tests. Applicants are encouraged to download the sample LSAT test online and sit it under exam conditions to decide for themselves if further preparation is needed.

### Where can I get more help to prepare for the LSAT?

Many bookshops stock LSAT preparation books which can be ordered online. These books are useful in assisting applicants to perform to their true ability. There is also plenty of material available online that provides tips for LSAT preparation.

### Will the selection committee read my LSAT essay?

The UWA Law School Selection Committee will not use the LSAT essay when assessing applications.

### When can I sit the LSAT?

The LSAT runs four times per year.<sup>1</sup> LSAT scores are valid for five years and the test can be taken three times in any two-year period. Further information is available on the LSAC website.

### Can I resit the LSAT?

If you believe your test score does not reflect your true ability, you can resit the LSAT. Visit the LSAC website to check the number of times you are allowed to sit the test.

### If I resit the LSAT, which score does the selection committee take into consideration?

The selection committee will note all your scores but will use your highest score when considering your application.

### How does UWA retrieve my results?

You must include your eight-digit LSAC account number where indicated on the online application form. This allows us to download your LSAT scores directly from LSAC once results are released.

### How do I register?

You can register for the LSAT online at the LSAC website at [lsac.org/jd/choosing-a-law-school/australia](https://lsac.org/jd/choosing-a-law-school/australia).

<sup>1</sup> Admission deadlines should be taken into account when selecting your test date.

### COURSE DESCRIPTION

The Master of Translation Studies provides advanced translation training to develop your abilities to practise as a bilingual/multilingual professional. The course, taught by practitioners and translation researchers, is approved by the National Accreditation Authority for Translators and Interpreters of Australia (NAATI), making you eligible to apply to the prestigious NAATI accreditation as a Professional Translator.

Specialised translation training is available between English and Chinese, French, German and Italian language pairs in both directions. Chinese interpreting is also available to students in combination with the English/Chinese language pair.\*

From 2019, translation training between English and Spanish, Indonesian, Japanese, Korean, Arabic and Russian will also be available.

The course fosters critical thinking, linguistic and analytical skills through frontier translation theories and latest technologies as well as the opportunity for individual supervision of a translation research project. As a result of strong collaboration links with local and national professional organisations and agencies, students are offered practical skills development on a regular basis.

#### Professional placement

The course includes a work placement component where students apply knowledge in industry environments.

#### Requirements

- (a) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA;  
*and*  
 (b) the equivalent of a UWA weighted average mark of at least 65 per cent in the Level 3 units of a relevant major.

\*Chinese interpreting is available to students in the language pair English/Chinese, provided they have completed 48 points of the Master of Translation Studies, achieving a WAM of 70 per cent.

**2018 tuition fee (per year):** AUD\$33,100

## COURSE DESCRIPTION

This specialist degree extends existing skills and experience in musical performance, composition or musicology, both as a professional-level degree and as a platform for doctoral-level study. All candidates produce independent research with the guidance of a supervisor. Performers and composers complement the dissertation component of the course with the production of a recital or portfolio.

Candidates in musicology present for examination a 20,000 to 25,000-word thesis or a transcription and edition of a substantial body of music accompanied by a 10,000 to 12,000-word critical commentary.

### Requirements

- To be considered for admission to this course an applicant must have the degree of Bachelor of Music with honours or Bachelor of Arts with honours of this University, or equivalent as recognised by the Board.
- An applicant for the course in composition must undergo a portfolio review and interview.
- An applicant for the course in performance must pass an audition.
- The arrangements for the portfolio review and interview or audition, including the nature, duration and timing, are determined by the Head of the School of Music.

"I came to study at UWA because the School of Music was ranked among the best in the country. It also has a reputation for producing some of the most talented musicians and industry leaders in the country, who represent Australia both nationally and internationally. I knew I wanted to make a big impact in music in Australia and UWA would enable me to pursue this dream. Studying music within a world-class university also enabled me to tinker with my interests in other art forms (English, art history) alongside my music studies. This has made me a more rounded musician, ready for the diverse demands the profession throws at me."

## Graduate Certificate in Social Research Methods

[study.uwa.edu.au/gc/social-res-methods](http://study.uwa.edu.au/gc/social-res-methods)

**UWA course code:** 12260

**CRICOS code:** 084022K

**Duration:** 0.5 years

**Intake period:** February, July

**Mode of study:** coursework

**2018 tuition fee:** AUD\$16,550

### COURSE DESCRIPTION

Social research methods are vital across a range of careers. The Graduate Certificate introduces key concepts in social research methods and offers an opportunity to develop skills through practical application relevant to government, community and industry.

The course provides you with an understanding of the types of research techniques used in the social sciences. It also covers the range of methodological approaches and ethical considerations. Students also learn how to craft a research project, identify sources of funding and develop funding proposals. Examples of research from a range of disciplines are used to illustrate research strategies.

#### Requirements

- (a)
- (i) a bachelor's degree, or an equivalent qualification, as recognised by UWA; *and*
  - (ii) the equivalent of a UWA weighted average mark of at least 65 per cent in the Level 3 units;
- or*
- (b) a level or duration of education, professional experience and/or demonstrable life skills considered by UWA to be sufficient to permit satisfactory completion of the course.

**UWA course code:** 12360

**CRICOS code:** 084023J

**Duration:** 1 year

**Intake period:** February, July

**Mode of study:** coursework

**2018 tuition fee:** AUD\$33,100

### COURSE DESCRIPTION

Social research methods are vital across a range of careers. The graduate diploma explores key concepts in social research methods and offers an opportunity to develop skills through practical application relevant to government, community and industry.

The course provides you with a developed understanding of the types of research techniques used in the social sciences from action research, to surveys, to more innovative methods such as photovoice, as well as consideration of ethical issues. Students also learn how to craft a research project, identify sources of funding and develop funding proposals. Examples of research from a range of disciplines are used to illustrate research strategies.

#### Requirements

- (a)
- (i) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA; *and*
  - (ii) the equivalent of a UWA weighted average mark of at least 65 per cent in the Level 3 units of a relevant major;
- or*
- (b)
- (i) a Graduate Certificate in Social Research Methods, or an equivalent qualification, as recognised by UWA; *and*
  - (ii) the equivalent of a UWA weighted average mark of at least 65 per cent.

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$33,100

### COURSE DESCRIPTION

Social research methods are vital across a range of careers. The course offers advanced skills, knowledge and capabilities in social research

methods and offers an opportunity to develop skills through practical application relevant to government, community and industry.

The course offers a range of different research techniques used in the social sciences from action research, to surveys, to more innovative methods such as photovoice, as well as consideration of ethical issues. Students also learn how to craft a research project, identify sources of funding and develop funding proposals. Examples of research from a range of disciplines are used to illustrate research strategies.

#### Professional placement

The course includes a work placement component where students apply knowledge in industry environments.

#### Requirements

- (a)
- (i) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA; *and*
  - (ii) the equivalent of a UWA weighted average mark of at least 65 per cent in the Level 3 units of a relevant major;
- or*
- (b)

**2018 tuition fee:** AUD\$33,100

### COURSE DESCRIPTION

The Graduate Diploma in Strategic Communication focuses on the advanced skills, knowledge and capabilities required to participate in the contemporary global communications environment in industry, government agencies and community organisations. You develop skills across a range of media relevant to developing sound communication strategy in a global media context.

### Requirements

- (a)
- (i) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA; *and*
  - (ii) the equivalent of a UWA weighted average mark of at least 65 per cent in the Level 3 units of a relevant major;
- or
- (b)

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$33,100

### COURSE DESCRIPTION

The Master of Strategic Communication provides you with advanced skills, knowledge and capabilities required to participate in the contemporary global communications environment.

Through practical and analytical engagement, you gain advanced skills and in-depth understanding relevant to a broad range of communications and media roles; capabilities in developing effective communication strategies in a global digital media context; and skills in managing communications projects.

### Professional placement

The course includes a work placement component where students apply knowledge in industry environments.

### Requirements

- (a)
- (i) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA; *and*
  - (ii) the equivalent of a UWA weighted average mark of at least 65 per cent in the Level 3 units of a relevant major;

**CRICOS code:** 078217E

**Duration:** 2 years

**Intake period:** throughout the year

**Mode of study:** thesis

**2018 tuition fee (per year):** AUD\$34,200

### COURSE DESCRIPTION

This is a program of independent, supervised research that can be taken in any discipline for which appropriate supervision is available, and is assessed solely on the basis of a thesis.

### Requirements

Students undertaking a dissertation or thesis as part of a postgraduate course must have acquired adequate research preparation, normally prior to being accepted into the course.

## Doctor of Philosophy

**UWA course code:** 42280

**CRICOS code:** 095760G

**Duration:** 0.5 years

**Intake period:** February (full time), July (part-time only)

**Mode of study:** coursework

**2018 tuition fee:** AUD\$18,900

### English language requirements

Unless otherwise specified, IELTS (Academic) overall score minimum of 6.5, no band less than 6.0 (must include Academic Reading and Writing modules). However, our English language requirements vary across courses. For the most up-to-date information visit [study.uwa.edu.au/elc](http://study.uwa.edu.au/elc)

### COURSE DESCRIPTION

The Graduate Certificate in Public Policy is designed to give graduate students an understanding of the role of the government in economic activity and public policy decision making. It focuses on how the government interacts with the economy through, for example: economic growth, stability, taxation, infrastructure provision, regulation, health, defence, education, and social security. Students who successfully complete the graduate certificate may be eligible to progress into the Master of Public Policy with full credit for completed units.

### Requirements

- (a) a bachelor's degree, or an equivalent qualification, as recognised by UWA;

*and*

- (b)
- (i) the equivalent of a UWA weighted average mark of at least 60 per cent; or
  - (ii) a valid Graduate Management Admission Test (GMAT) score of at least 550<sup>1</sup>; or
  - (iii) at least five years of relevant, documented professional experience considered by UWA to be sufficient to permit satisfactory completion of the course.

<sup>1</sup>GMAT is valid for 5 years.

## Master of Public Policy

[study.uwa.edu.au/m/public-policy](http://study.uwa.edu.au/m/public-policy)

**UWA course code:** 42580

**CRICOS code:** 093562G

**Duration:** 1.5-2 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$37,800

### COURSE DESCRIPTION

This course gives you a multidisciplinary understanding of the role of government in economic activity and public policy decision making. Students undertake a specialisation in either Economics or Public Administration and Governance. The course focuses on how government interacts with the economy and society. Topics include: economic growth, stability, taxation, infrastructure provision, regulation, health, defence, education, and social security. Graduates are equipped for a variety of jobs, including policy analysts and managers in the public sector.

### Requirements

- (a) a bachelor's degree, or an equivalent qualification, as recognised by UWA;

*and*

- (b)
- (i) the equivalent of a UWA weighted average mark of at least 60 per cent; or
  - (ii) a valid Graduate Management Admission Test (GMAT) score of at least 550<sup>1</sup>; or
  - (iii) at least five years of relevant documented professional experience considered by UWA to be sufficient to permit satisfactory completion of the course.

<sup>1</sup> GMAT scores are valid for 5 years.

# Faculty of Engineering and Mathematical Sciences

The Faculty of Engineering and Mathematical Sciences attracts and supports talented teaching and research staff who are committed to innovating in their field. Well established links between the Faculty and industry mean our graduates enjoy excellent career prospects.

Renowned as a leader in high-impact research with very close ties to leading industry groups, the Faculty's research teams benefit from global collaborations and attract significant grants from the nation's peak research funding body, the Australian Research Council (ARC). Some recent successes include two leading offshore oil and gas research groups securing nearly \$10 million in new funding from ARC, which will support new facilities and training centres.

Multi-million dollar investment from industry for key academic positions has enabled the appointment of a Professorial Chair in the field of Complex Engineering Systems with CSIRO and a further two new Professorial Chairs in Robotics and Automation, and Ocean Engineering.

A new infrastructure project, EZONE UWA, will create a unique teaching and learning hub further supporting quality teaching, learning and collaboration to benefit students, researchers and staff in the future.

**UWA course code:** 62530  
**CRICOS code:** 093310E  
**Duration:** 1.5–2 years<sup>1</sup>  
**Intake period:** February, July  
**Mode of study:** coursework or  
 coursework and dissertation  
**2018 tuition fee (per year):** AUD\$38,300

### COURSE DESCRIPTION

The Master of Data Science provides students with the knowledge and skills to understand and apply appropriate analytical methodologies to transform the way an organisation achieves its objectives; to deal effectively with large data management tasks, to master the statistical and machine learning foundations on which data analytics is built; and to evaluate and communicate the effectiveness of new technologies.

#### Requirements

(a) A bachelor's degree completed with the equivalent of a UWA weighted average mark of at least 65 per cent;

and

(b) prior studies in mathematics equivalent to at least Mathematics Applications ATAR.

<sup>1</sup> The course duration may be reduced to 1.5 years for students who have completed prior studies in a related area. Recognition of prior learning and/or application for credit (advanced standing) will be assessed by the University on a case-by-case basis at the time of application.

## Master of Engineering in Oil and Gas

[study.uwa.edu.au/m/oil-gas](http://study.uwa.edu.au/m/oil-gas)

**UWA course code:** 62520  
**CRICOS code:** 083861A  
**Duration:** 1–2 years<sup>1</sup>  
**Intake period:** February, July  
**Mode of study:** coursework  
**2018 tuition fee (per year):** AUD\$39,800

### COURSE DESCRIPTION

This course is aimed at engineering graduates who are seeking a career in the global oil and gas industry.

The course provides you with industry-relevant, advanced knowledge about technical implementation and leadership in the global oil and gas industry. A particular focus is placed on natural gas, both its extraction and subsequent conversion to liquefied natural gas (LNG).

You also develop skills at a professional level in a range of key areas including petroleum engineering, gas economics, investment strategies and liabilities, work-flow concepts and current production and processing technologies.

#### Requirements

An engineering degree, or an equivalent qualification, as recognised by UWA, with the equivalent of a UWA weighted average mark of at least 65 per cent.

<sup>1</sup> The course duration may be reduced to one year for students who have completed prior studies in a related area. Recognition of prior learning and/or application for credit (advanced standing) will be assessed by the University on a case-by-case basis at the time of application.

**Intake period:** February, July  
**Mode of study:** coursework  
**2018 tuition fee (per year):** AUD\$38,300

### COURSE DESCRIPTION

The course is designed for students and professionals who have a tertiary degree and who seek to develop specialist skills in computing and software engineering. It is ideal for students and professionals who wish to change direction or expand their skill set to pursue a career in IT.

Graduates of this course have the knowledge and skills to anticipate the changing direction of IT and evaluate and communicate the effectiveness of new technologies in order to help an organisation achieve its goals and objectives.

The course has a strong emphasis on the application of contemporary and emerging technologies, including cloud and high performance computing, agile web development and software project design and management.

#### Requirements

(a) A bachelor's degree completed with the equivalent of a UWA weighted average mark of at least 65 per cent;

and

(b) prior studies in mathematics equivalent to at least Mathematics Applications ATAR.

<sup>1</sup> The course duration may be reduced to 1.5 years for students who have completed prior studies in a related area. Recognition of prior learning and/or application for credit (advanced standing) will be assessed by the University on a case-by-case basis at the time of application.

**Duration:** 2–3 years<sup>1</sup>  
**Intake period:** February, July  
**Mode of study:** coursework  
**2018 tuition fee (per year):** AUD\$39,800

### COURSE DESCRIPTION

This course is for graduates who have completed undergraduate studies in engineering, mathematics or physics and who want to gain an internationally-recognised qualification to practise as a professional accredited engineer.

The course, designed in consultation with industry, equips you with both outstanding technical and leadership skills and the ability to work creatively as part of a team across the breadth of an engineering challenge in your area of specialisation.

#### Professional accreditation

The Master of Professional Engineering has been assessed for accreditation by Engineers Australia, the national accreditation body. The Chemical, Civil, Electrical and Electronic and Mechanical Engineering specialisations were fully accredited in 2016. The remaining specialisations are provisionally accredited until the required number of students graduate. Our graduates are recognised internationally through the Washington Accord of the International Engineering Alliance. Additionally, the MPE Chemical Engineering specialisation is accredited by the Institute of Chemical Engineers (IChemE).

#### Professional practicum

As part of your engineering studies you complete a 12-week practicum and professional development experience. This can be done with at least eight weeks in an engineering firm of your choice.

#### Specialisations

Choose from the following specialisations:

- Biomedical Engineering
- Civil Engineering
- Chemical Engineering
- Electrical and Electronic Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Software Engineering

## Requirements

(a) a bachelor's degree with a major in Engineering Science, or an equivalent qualification, as recognised by UWA<sup>2</sup>;

or

(b) a bachelor's degree, completed with the equivalent of a UWA weighted average mark of at least 65 per cent, with prior studies in engineering, physics or mathematics;

or

(c) completed units in the Master of Professional Engineering Preliminary course at UWA as prescribed by the Faculty.

<sup>1</sup> The course duration will be two to three years for graduates without previous studies in engineering or who are missing required preparation units. Recognition of prior learning and/or application for credit (advanced standing) will be assessed by the University on a case-by-case basis at the time of application.

<sup>2</sup> Students who commenced Engineering Science from 2015 and who are not in the Direct Pathway are required to achieve a UWA weighted average mark of at least 60 per cent in their bachelor's degree.

## Master of Physics

[study.uwa.edu.au/m/physics](http://study.uwa.edu.au/m/physics)

**UWA course code:** 53560

**CRICOS code:** 087902J

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** dissertation

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

The Master of Physics consists of an equal combination of advanced coursework and a research project and dissertation. The research project is undertaken as part of an internationally recognised research group. You develop a combination of high-level research, analytical and problem-solving skills that are highly valued by industry and government employers.

### Professional accreditation

Master of Physics (coursework and dissertation) is accredited by The Australasian College of Physical Scientists & Engineers in Medicine (ACPSEM).

### Specialisations

Choose from the following specialisations:

- Astronomy and Astrophysics
- Computational Physics
- Experimental Physics
- Medical Physics
- Theoretical Physics

### Requirements

(a) (i) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA; *and*

(ii) the equivalent of a UWA weighted average mark of at least 65 per cent;

or

(b) a relevant honours degree, or an equivalent qualification, as recognised by UWA.

**Note:** Minimum course duration: 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>1</sup>

**Maximum course duration:** Two years full-time comprising 96 points of taught units.<sup>2</sup>

<sup>1</sup> Students with a bachelor's degree or major in an area of study related to their specialisations may be granted up to 24 points credit in recognition of prior learning.

<sup>2</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

# Faculty of Health and Medical Sciences

The Faculty of Health and Medical Sciences offers courses, training and research opportunities in a wide range of scientific and clinical disciplines to significantly benefit the health of Australian and international communities.

As a research-oriented faculty we encourage the lifelong adaptation and assessment of new theories, treatments and diagnostic techniques that incorporate a holistic approach to the health sciences and a more sensitive interaction with patients.

## Areas of research priority are:

- Developmental origins of health and disease
- Aboriginal health
- Genomic medicine (pharmacogenomics and pharmacoepidemiology)
- Management of chronic diseases
- Mental health

### Doctor of Dental Medicine

[study.uwa.edu.au/d/dental-medicine](http://study.uwa.edu.au/d/dental-medicine)

**UWA course code:** 90860

**CRICOS code:** 089787B

**Duration:** 3–4 years<sup>1</sup>

**Intake period:** January

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$78,100

#### COURSE DESCRIPTION

This professional degree provides suitably qualified graduates with the knowledge and skills to enter the dentistry profession upon completion. Studies cover fundamental dental and medical sciences together with clinical practice modules including patient care, preventative and conservative dentistry, restorative dentistry, and child and adolescent dental health. There is early clinical contact from first year.

You actively engage in a research project in the third year, while the final year is occupied by independent but supervised practice which takes place inside and outside the UWA Dental School, with compulsory rural and metropolitan clinical placements.

#### Requirements

- (1)
  - (a) a bachelor's degree, or an equivalent qualification, as recognised by UWA;
  - and
  - (b) the equivalent of a UWA grade point average (GPA) of at least 5.5;
  - and
  - (c)
    - (i) a Graduate Medical School Admissions Test (GAMSAT) overall score of at least 50 and no section score less than 50; or
    - (ii) a Medical College Admission Test (MCAT) score of at least 123/123/123/123.
- (2) Invitation to attend the structured interview will be based on equal weightings under (1)(b) and (c), in alignment with the interview quota for the year.
- (3) Eligible applicants who are interviewed will be assessed based on the personal qualities considered desirable in dental practitioners and will undergo a manual dexterity skills test.
- (4) Admission will be awarded to the highest ranked applicants under (1), (2) and (3) who fall within the intake quota for that year, based on equal weighting of the GAMSAT/MCAT, GPA and interview for non-rural applicants, and based on equal weighting of the GAMSAT, GPA, interview and rurality ranking for rural applicants.
- (5) Direct Pathway students are exempt from (1)(c).

**English language requirement:** IELTS (Academic) 7.0 (no band less than 7.0).

**Doctor of Medicine (MD) / Doctor of Dental Medicine (DMD) applications open in March and close on 31 May each year.**

The Medical College Admission Test (MCAT)<sup>2</sup> and the Graduate Australian Medical School Admissions Test<sup>3</sup> results must be submitted by 31 May each year. Students who receive the results slightly after this date are to contact the Faculty for eligibility advice.

Successful applicants receive an interview request by email. Interviews in Hong Kong and Singapore usually take place from late July. Perth-based interviews usually take place in August and September.

A supplementary form is required in addition to the standard entry requirements.

Visit [uwa.edu.au/myapplication](http://uwa.edu.au/myapplication) for details.

The final ranking of students entering into the Doctor of Medicine (MD) and Doctor of Dental Medicine (DMD) is based equally on GAMSAT/MCAT, GPA and interview.

**Note:** You may be required to submit IELTS upon professional registration.

- 1 Course duration is three years if students complete the Medical Sciences major.
- 2 MCAT (Medical College Admission Test) is standardised, multiple choice examination, that assesses problem solving, critical thinking, writing skills and knowledge of science concepts and principles. Scores are reported in Verbal Reasoning, Physical Sciences, and Biological Sciences. Applicants require minimum test scores of 123/123/123/123 and an overall minimum of 492. For more information, visit [aamc.org/mcat](http://aamc.org/mcat).
- 3 GAMSAT (Graduate Australian Medical Schools Admissions Test) is held once a year in March and registration for the test usually opens in the preceding October and closes in late January/early February of the application year. GAMSAT scores are valid for two years, therefore if an applicant sits the test two years in a row, they can choose which score to use. Applicants can sit the test from their penultimate year (second last year) of bachelor study. The GAMSAT has three sections: Reasoning in Humanities and Social Sciences, Written Communication, and Reasoning in Biological and Physical Sciences. The third section is double weighted and tests biology and chemistry to about first-year university level and physics to about Australian Year 12 level. For further information on the GAMSAT, visit [gamsat.acer.edu.au](http://gamsat.acer.edu.au).

**UWA course code:** 91230

**CRICOS code:** 074756K

**Duration:** 0.5 years

**Intake period:** February, July

**Mode of study:** coursework

**2018 tuition fee:** AUD\$19,150

### COURSE DESCRIPTION

This course is designed as a pathway for those who seek to enrol in a Master of Public Health but do not meet the educational requirements. The course allows for maximum flexibility to tailor studies in order to meet your personal or professional interests.

### Requirements

- (a) a bachelor's degree, or an equivalent qualification, as recognised by UWA; *or*
- (b) a level and duration of education and professional experience considered by UWA to be sufficient to permit satisfactory completion of the course; *or*
- (c) completed two postgraduate public health (PUBH) units.

## Master of Public Health

**Duration:** 1.5 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$38,300

### COURSE DESCRIPTION

Public Health studies provide a foundation in the disciplines of epidemiology, biostatistics, health economics and health promotion for current professionals interested in moving into a wide range of health-related industries. Studies also focus on the broader social context in which public health programs are planned, delivered and evaluated.

### Requirements

- (a) (i) A bachelor's degree, or an equivalent qualification, as recognised by UWA; *or*
- (ii) a Graduate Certificate in Population Health Studies, or an equivalent qualification, as recognised by UWA; *and*
- (a) The equivalent of a UWA weighted average mark of at least 60 per cent.

### English language requirements

Unless otherwise specified, IELTS (Academic) overall score minimum of 6.5, no band less than 6.0 (must include Academic Reading and Writing modules). However, our English language requirements vary across courses. For the most up-to-date information visit [study.uwa.edu.au/elc](http://study.uwa.edu.au/elc)

### COURSE DESCRIPTION

The PhD is a program of independent, supervised research that is assessed solely on the basis of a thesis and is examined externally. The work presented for a PhD must be a substantial and original contribution to scholarship, demonstrating mastery of the subject of interest as well as an advance in that field of knowledge.

<sup>1</sup> Dentistry – Clinical (037149G) and Medicine – Clinical (037160A) are AUD\$50,700 per annum as at 2018.

# Faculty of Science

As a Faculty of Science student you are part of a community of researchers and fellow students contributing to science that makes a difference.

A UWA Science degree opens the door to a range of careers.

As a Faculty, we focus on bringing about meaningful change for the world and humanity in six key areas:

- feeding the world
- preventing, diagnosing and treating disease
- furthering human knowledge and serving humanity
- harnessing resources and energy for a sustainable future
- restoring and maintaining balance in our natural environment
- optimising physical and mental performance

## Master of Agricultural Economics

[study.uwa.edu.au/m/agricultural-economics](http://study.uwa.edu.au/m/agricultural-economics)

**UWA course code:** 73530

**CRICOS code:** 089266E

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

The course covers all key elements of agricultural economics with the overall course emphasis on the application of theory to real world circumstances. The core themes of the course are applied economic analysis, policy analysis, and agribusiness management and analysis.

### Requirements

- (1) a bachelor's degree or equivalent as recognised by UWA.

## Master of Agricultural Science

[study.uwa.edu.au/m/agricultural-science](http://study.uwa.edu.au/m/agricultural-science)

**UWA course code:** 72510

**CRICOS code:** 074945E

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

Gain the knowledge and skills needed for a future in the rapidly evolving area of agricultural science.

World populations and economies are increasing their demand for food and fibre. Agricultural systems are under pressure to meet environmental, social and economic goals. Agricultural Science provides the research, technology and information for the sustainable, profitable and ethical development of the industry.

Studies in agriculture science include soil science, genetics, cropping and pasture systems, soil–plant interaction, livestock production, agricultural economics and agribusiness.

UWA has a world-class reputation for research in agricultural science. Our faculty is supported by the accomplished research and outreach activities of the Institute of Agriculture, the Centre for Plant Genetics and Breeding, the ARC Centre of Excellence in Plant Energy Biology, and the Australian Herbicide Resistance Initiative (AHRI).

### Specialisations

Choose from the following specialisations:

- Agricultural Economics
- Crop and Livestock Farming Systems
- Genetics and Breeding
- Soil Science and Plant Nutrition

### Requirements

A relevant bachelor's degree that aligns with one of the specialisations of this course or an equivalent qualification, as recognised by UWA.

**Note:** Students may apply to undertake a research project within this degree.

**Minimum course duration:** 1.5 years full-time comprising 72 points of taught units and 24 points of admission credit.<sup>1</sup>

**Maximum course duration:** Two years full-time

comprising 96 points of taught units.<sup>2</sup>

- <sup>1</sup> Students with a bachelor's degree or major in an area of study which is cognate (related) to their specialisations may be granted up to 24 points credit in recognition of prior learning.
- <sup>2</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

## Master of Biological Arts

[study.uwa.edu.au/m/biological-arts](http://study.uwa.edu.au/m/biological-arts)

**UWA course code:** 71530

**CRICOS code:** 083855K

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework and dissertation

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

Explore the artistic elements of science in this unique course that brings together the two distinct disciplines of art and science.

The course is designed for experienced art practitioners, scientists or humanities scholars to explore creative bioresearch and focuses on recent advances in the life sciences, both in theory and practice. Emphasis is placed on critical thought, ethical and cultural issues and cross-disciplinary experimentation in art and science.

You have access to scientific laboratories and take both art and science units that include a major project and dissertation.

### Requirements

To be considered for admission to this course an applicant must have a bachelor's degree in science, arts or fine arts, or an equivalent qualification, as recognised by UWA.

## Master of Biological Science

[study.uwa.edu.au/m/biological-science](http://study.uwa.edu.au/m/biological-science)

**UWA course code:** 72520

**CRICOS code:** 074948B

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

Develop your knowledge of biology by learning the fundamentals of molecular evolution, physiology, reproduction, behaviour and ecology of organisms.

You also apply your knowledge to the management of natural systems and the species they support with independent research opportunities throughout the course.

By studying in Perth, you have access to a unique terrestrial biodiversity hotspot, where nearly 80 per cent of the region's marine fish and invertebrates are unique to the area, offering you a rare and exciting environment to explore your research.

### Specialisations

Choose from the following specialisations:

- Marine Biology
- Conservation Biology
- Zoology
- Ecology

## English language requirements

Unless otherwise specified, IELTS (Academic) overall score minimum of 6.5, no band less than 6.0 (must include Academic Reading and Writing modules). **Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$38,300

### COURSE DESCRIPTION

Develop your knowledge of biological, medical and health-related disciplines that underpin advances crucial to human health and wellbeing.

You expand your knowledge of biomedical science by learning our evolutionary history and the cause and treatment of human disease, and develop an appreciation for principles of healthy living.

### Specialisations

Choose from the following specialisations:

- Biochemistry and Molecular Biology
- Human Biology
- Neuroscience
- Physiology

### Requirements

A bachelor's degree with a major in a biomedical or health science discipline that aligns with one of the specialisations of this course or an equivalent qualification.

**Note:** Students may apply to undertake a research project within this degree.

**Minimum course duration:** 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>1</sup>

## Master of Clinical Audiology

[study.uwa.edu.au/m/clin-audiology](http://study.uwa.edu.au/m/clin-audiology)

**UWA course code:** 90540

**CRICOS code:** 033772E

**Duration:** 2 years

**Intake period:** February (every even-numbered year)

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$42,400

### COURSE DESCRIPTION

Audiology is the clinical science involving the prevention, assessment and rehabilitation of hearing loss and associated communication disorders. The course provides students with supervised clinical placements in a variety of workplace settings, and graduates are eligible for full membership of the Audiological Society of Australia.

The Master of Clinical Audiology is available every second year (every even-numbered year).

#### Requirements

(a) a bachelor's degree, or equivalent qualification as recognised by UWA;

and

- (b) the equivalent of a UWA weighted average mark of at least 65 percent, taken from the most recent degree of at least one year full-time duration.
- (c) Students must obtain a current National Police Certificate, National Criminal History Check or equivalent certification from country of residence, indicating no criminal conviction. The currency of a National Police Certificate or a National Criminal History Check is 12 months.

Where relevant, admission will be awarded to the highest ranked applicants or applicants selected based on—

- (a) the above admission requirements;
- (b) a satisfactory personal statement, as recognised by UWA;

and

- (c) the intake quota for that year.

**English language requirement:** Upon application IELTS (Academic) score of 7.0 and no band less than 7.0.

## Master of Clinical Audiology and Doctor of Philosophy

[study.uwa.edu.au/c/clin-audiology](http://study.uwa.edu.au/c/clin-audiology)

**UWA course code:** 00840

**CRICOS code:** 033773D

**Duration:** 4 years

**Intake period:** January

**Mode of study:** combined postgraduate coursework only or thesis only

**2018 tuition fee (per year):** AUD\$54,300

### COURSE DESCRIPTION

Audiology is the clinical science that prevents, assesses and rehabilitates hearing loss and associated communication disorders.

The course develops your knowledge of clinical audiology with structured coursework units and you then have the opportunity to create new knowledge in a preferred research topic with guidance from an expert supervisor during your PhD.

UWA is the only Australian university offering a combined four-year PhD and master's degree in Audiology.

#### Requirements

- (a) an honours degree of at least 2A level, or a qualification recognised as equivalent by the Board of the Graduate Research School (the Board) and the Faculty; and

and

- (b) satisfied the requirements of Doctor of Philosophy Rule 2 at [handbooks.uwa.edu.au/rules/phd/2](http://handbooks.uwa.edu.au/rules/phd/2);

and

- (c) a current National Police Certificate indicating no criminal conviction.<sup>1</sup>

<sup>1</sup> Currency of National Police Certificate is 12 months.

## Master of Clinical Exercise Physiology

[study.uwa.edu.au/m/clinical-exercise-physiology](http://study.uwa.edu.au/m/clinical-exercise-physiology)

**UWA course code:** 73520

**CRICOS code:** 089267D

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

The course develops students' knowledge and skills in preparation for work in the allied health industry. The course is accredited by Exercise and Sports Science Australia (ESSA) so that graduates are eligible to apply for accreditation status. Students may structure a course which is best tailored to their future requirements and area of specialisation. The course is designed to provide a holistic understanding of the use of exercise as a modality in the treatment of musculoskeletal, cardiovascular, metabolic and other chronic and complex conditions.

#### Requirements

- (a) a Bachelor of Science with a major in Sport Science and/or Exercise and Health, or equivalent, as recognised by UWA;

or

- (b) a bachelor's degree in physiotherapy from a recognised tertiary institution;

or

- (c) a relevant bachelor's degree in a related field of study from a recognised tertiary institution that included foundation units in the majority of the following sub-discipline areas: biomechanics, motor control and learning, exercise physiology, sport and exercise psychology, human growth and development and human anatomy.

**Minimum course duration:** 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>1</sup>

**Maximum course duration:** Two years full-time comprising 96 points of taught units.<sup>2</sup>

<sup>1</sup> Students with a bachelor's degree or major in an area of study which is cognate (related) to their specialisations may be granted up to 24 points credit in recognition of prior learning.

<sup>2</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

## Master of Clinical Neuropsychology and Doctor of Philosophy

[study.uwa.edu.au/c/clin-neuropsych](http://study.uwa.edu.au/c/clin-neuropsych)

**UWA course code:** 01890/54590

**CRICOS code:** 077708E

**Duration:** 4 years

**Intake period:** February

**Mode of study:** combined postgraduate (coursework only and thesis only)

**2018 tuition fee (per year):** AUD\$37,300

### COURSE DESCRIPTION

The combined coursework and thesis program provides you with the knowledge and investigative research skills to become an expert in clinical neuropsychology.

Throughout the coursework component, you learn the fundamentals of neuroscience, clinical psychology and clinical neuropsychology. Your knowledge becomes more specialised during your clinical placement and independent research course components.

### Requirements

- (a)
- (i) a PhD proposal approved by the Board of the Graduate Research School; or
  - (ii) an accredited bachelor's honours degree in psychology with an upper second class Honours (2A), or an equivalent qualification, as recognised by UWA.

Applicants must be eligible for provisional registration as a psychologist with the Psychology Board of Australia.

Where relevant, admission will be awarded to the highest ranked applicants or applicants selected based on:

- (a) a satisfactory personal statement, as recognised by UWA;  
and
- (b) two satisfactory referees, as recognised by UWA;  
and
- (c) a *curriculum vitae* summarising relevant occupational and practical experience, as recognised by UWA;  
and
- (d) an interview in which eligible applicants will be assessed based on the personal qualities considered desirable in psychology with invitation to attend the interview based on the personal statement, referees, curriculum vitae and the interview quota for that year;  
and
- (e) the intake quota for that year.

**Note:** Applicants are required to provide additional documents within their application. Visit [study.uwa.edu.au/c/clin-neuropsych](http://study.uwa.edu.au/c/clin-neuropsych) for details.

## Master of Ecotourism<sup>1</sup>

[study.uwa.edu.au/m/ecotourism](http://study.uwa.edu.au/m/ecotourism)

**UWA course code:** 73510

**CRICOS code:** 084737G

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework and dissertation

**2018 tuition fee (per year):** AUD\$38,300

### COURSE DESCRIPTION

Advance your career in the growing ecotourism industry with this practical course that builds your knowledge and networks through a combination of field work, in-depth industry case studies and interaction with tourism industry professionals.

Graduates learn how to manage existing ecotourism enterprises sustainably; design and implement new ventures; become culturally aware and understand important environmental laws and policies to launch an exciting career in ecotourism.

The course is delivered in Albany which is located in the south-west of Western Australia. Albany is one of the most environmentally diverse locations in the world and offers an impressive range of outdoor recreational opportunities and tourism partners.

### Requirements

To be considered for admission to this course an applicant must have a bachelor's degree, or an equivalent qualification, as recognised by UWA.

**Minimum course duration:** 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>2</sup>

**Maximum course duration:** Two years full-time comprising 96 points of taught units.<sup>3</sup>

<sup>1</sup> This course is taught at UWA's Albany campus.

<sup>2</sup> Students with a bachelor's degree or major in an area of study which is cognate (related) may be granted up to 24 points credit in recognition of prior learning.

<sup>3</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

## Master of Environmental Science

[study.uwa.edu.au/m/enviro-sci](http://study.uwa.edu.au/m/enviro-sci)

**UWA course code:** 72530

**CRICOS code:** 074951G

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$38,300

### COURSE DESCRIPTION

An interdisciplinary approach to problem solving is essential in this field, meaning both the biological and earth sciences, and environmental planning and management are included in this course.

You learn how to apply important scientific methodologies to complex issues such as climate change, land rehabilitation, water resource management, and air and water pollution.

### Specialisations

Choose from the following specialisations:

- Environmental Management
- Geographic Information Science and Environmental Management
- Land and Water Management
- Marine and Coastal Management

### Requirements

To be considered for admission to this course an applicant must have a relevant bachelor's degree that aligns with one of the specialisations of this course or an equivalent qualification, as recognised by UWA.

**Note:** Students may apply to undertake a research project within this degree.

**Minimum course duration:** 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>1</sup>

**Maximum course duration:** Two years full-time comprising 96 points of taught units.<sup>2</sup>

<sup>1</sup> Students with a bachelor's degree or major in an area of study which is cognate (related) to their specialisations may be granted up to 24 points credit in recognition of prior learning.

<sup>2</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

## Graduate Diploma in Exercise Rehabilitation

[study.uwa.edu.au/gd/exercise-rehab](http://study.uwa.edu.au/gd/exercise-rehab)

**UWA course code:** 50380

**CRICOS code:** 078225E

**Duration:** 1 year

**Intake period:** February

**Mode of study:** coursework

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

Develop your knowledge and expertise of exercise rehabilitation to either prevent or manage chronic diseases and injuries. Upon successful completion you will satisfy the requirements for accreditation by the Exercise and Sports Science Australia.

### Requirements

- (a) a bachelor's degree with a major in Human Movement, Sport Science, or Exercise and Health, or an equivalent qualification, as recognised by UWA;

and

- (b) the equivalent of a UWA weighted average mark of at least 60 per cent;

and

(c) either:

- Sport Scientist accreditation with Exercise and Sports Science Australia (ESSA); or
- a completed Graduate Entry Assessment with ESSA

## Master of Exercise Science

[study.uwa.edu.au/m/exercise-sci](http://study.uwa.edu.au/m/exercise-sci)

**UWA course code:** 52510

**CRICOS code:** 081429M

**Duration:** 1.5-2 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

The Master of Exercise Science is designed for graduates who seek advanced knowledge in one of the sub-discipline areas within exercise science.

### Specialisations

Choose from the following specialisations:

- Sport and Exercise Science
- Sport and Recreation Management

The Sport and Exercise Science specialisation offers a choice of units within biomechanics; motor control and learning; exercise physiology and biochemistry; health behaviour; performance psychology and exercise rehabilitation.

The Sport and Recreation Management specialisation includes core and elective units from both the UWA Business School and Faculty of Science.

### Requirements

- (a) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA;
- or
- (b) a Graduate Diploma in Exercise Rehabilitation, a Graduate Diploma in Sport and Recreation Management, or a Graduate Diploma in Work, Health and Safety, or an equivalent qualification.

**Note:** Students may apply to undertake a research project within this degree.

**Minimum course duration:** 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>1</sup>

**Maximum course duration:** Two years full-time comprising 96 points of taught units.<sup>2</sup>

<sup>1</sup> Students with a bachelor's degree or major in an area of study which is cognate (related) to their specialisations may be granted up to 24 points credit in recognition of prior learning.

<sup>2</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

## Master of Exercise Science (thesis and coursework)

[study.uwa.edu.au/mr/exercise-sci](http://study.uwa.edu.au/mr/exercise-sci)

**UWA course code:** 51610

**CRICOS code:** 064926B

**Duration:** 1 year

**Intake period:** February, July

**Mode of study:** thesis and coursework

**2018 tuition fee:** AUD\$39,300

### COURSE DESCRIPTION

The course explores recent developments in the field of Exercise Science and enhances your intellectual and research skills.

You also have the opportunity to specialise in a sub-discipline of exercise science such as movement science, biomechanics, motor learning, pedagogy, exercise physiology or health and sport psychology.

### Requirements

- (a) a relevant bachelor's degree of this University with first class or second class honours with an average mark of at least 70 per cent, or equivalent, as recognised by UWA;

or

- (b) a relevant Graduate Diploma in Science of this University with a research component of at least 50 per cent of the course with an average mark of at least 70 per cent in both the research and coursework components of the graduate diploma, or equivalent, as recognised by UWA.

The Faculty may accept into the course an applicant who has completed the Graduate Diploma in Education with an average mark of 70 per cent provided that the applicant's proposed thesis topic relates to pedagogy.

## Master of Geoscience

[study.uwa.edu.au/m/geoscience](http://study.uwa.edu.au/m/geoscience)

**UWA course code:** 72550

**CRICOS code:** 074954D

**Duration:** 2 years

**Intake period:** February, July

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

Geoscience focuses on all aspects of Earth materials, history and evolution including geology, geophysics, geochemistry and geobiology. This course provides advanced study in a wide variety of topics to enable you to develop advanced geoscience skills and understanding.

There is a strong focus on application to resources (e.g. minerals and petroleum) and environmental issues and you are able to select topics relevant to your current or future employment.

#### Requirements

To be considered for admission to this course an applicant must have a bachelor's degree with a geology major, or an equivalent qualification, as recognised by UWA.

**Note:** Students may apply to undertake a research project in the second year of this course.

## Master of Health Science

**UWA course code:** 71540

**CRICOS code:** 083862M

**Duration:** 1.5–2 years

**Intake period:** February, July

**Mode of study:** coursework

**2018 tuition fee:** AUD\$37,300

### COURSE DESCRIPTION

The course provides you with a unique, integrated combination of three key platforms: public health, advanced study in a related science discipline, and an industry practicum.

The course encompasses a range of biomedical and health disciplines crucial to human health and wellbeing. These are complemented by a Public Health focus (i.e. health promotion, research, policy and administration) and a practicum component within a health-related enterprise. The course is taught by both the Faculty of Science and the Faculty of Health and Medical Sciences.

#### Specialisations

Choose from the following specialisations:

- Exercise and Health
- Human Biology
- Neuroscience
- Physiology

#### Requirements

To be considered for admission to this course an applicant must have a bachelor's degree with a major in a biomedical or health science discipline that aligns with one of the specialisations of this course, or an equivalent qualification, as recognised by UWA.

**Note:** Minimum course duration: 1.5 years full-time comprising 72 credit points of taught units and 24 points of admission credit.<sup>1</sup>

**Maximum course duration:** Two years full-time comprising 96 points of taught units.<sup>2</sup>

<sup>1</sup> Students with a bachelor's degree or major in an area of study related to their specialisations may be granted up to 24 points credit in recognition of prior learning.

<sup>2</sup> Students requiring more than 72 credit points will receive course advice specifying additional units.

## Master of Hydrogeology

[study.uwa.edu.au/m/hydrogeology](http://study.uwa.edu.au/m/hydrogeology)

**UWA course code:** 72540

**CRICOS code:** 074963C

**Duration:** 1.5–2 years

**Intake period:** February

**Mode of study:** coursework or coursework and dissertation

**2018 tuition fee:** AUD\$39,300

### COURSE DESCRIPTION

Hydrogeology deals with the distribution, flow and interaction of groundwater with the Earth including the hydrosphere, biosphere and lithosphere.

You investigate the chemical, physical and biological interactions between water, soils, rocks, the environment and society to develop your understanding of how to deal with groundwater dynamics, exploration, drilling and aquifer tests, sustainable allocation of groundwater and contamination.

**Mode of study:** research

**2018 tuition fee (per year):** AUD\$45,500

### COURSE DESCRIPTION

The PhD is a program of independent, supervised research that is assessed solely on the basis of a thesis and is examined externally. The work presented for a PhD must be a substantial and original contribution to scholarship, demonstrating mastery of the subject of interest as well as an advance in that field of knowledge.

The Faculty of Science offers research students a wide variety of research opportunities. Visit [science.uwa.edu.au](http://science.uwa.edu.au) for details.

## Master of Science

[study.uwa.edu.au/mr/science](http://study.uwa.edu.au/mr/science)

**UWA course code:** 70630

**CRICOS code:** 058945E

**Duration:** 1 year

**Intake period:** February, July

**Mode of study:** thesis and coursework

**2018 tuition fee (per year):** AUD\$39,300

### COURSE DESCRIPTION

The Master of Science offers graduates the opportunity to explore a particular discipline of science through advanced coursework units and independent research.

Select from over 20 different subjects areas for your research project which include agricultural science, animal science, marine science, environmental science, biology, geography, zoology, geology, chemistry, biotechnology, biochemistry and molecular biology and many other fascinating subjects.

### Requirements

A relevant bachelor's degree with honours of this University, with a weighted average of at least 70 per cent in those units for which the results contribute to the calculation of the honours classification, or equivalent, as recognised by UWA.

**Note:** Students must indicate subject area and have supervisor approval at time of application.

## Master of Science Communication

[study.uwa.edu.au/m/sci-comms](http://study.uwa.edu.au/m/sci-comms)

**UWA course code:** 51580

The following programs are available to candidates who are applying to study while continuing to live overseas. The mode of delivery for these degrees is mainly online, though several include a residential component. Students are required to attend short-term intensive classes and are responsible for arranging their own travel and visa. International student visas are not available for these courses.

These programs are not available to those entering Australia on an international student visa.

Postgraduate study online and through multimode programs can only be undertaken by coursework.

For detailed course information visit [studyat.uwa.edu.au](http://studyat.uwa.edu.au).

## Graduate Certificate in Adult Sleep Science

[study.uwa.edu.au/gc/adult-sleep-science](http://study.uwa.edu.au/gc/adult-sleep-science)

**UWA course code:** 51210  
**Duration:** 0.5 years  
**Intake period:** February full-time or July part-time  
**Mode of study:** coursework; online and residential  
**2017 tuition fee:** AUD\$13,950

### COURSE DESCRIPTION

This course provides you with an understanding of sleep and circadian biology and the skills to use sophisticated equipment and instrumentation in order to perform laboratory-based and portable sleep studies as well as apply different protocols to sleep monitoring and perform basic scoring and analysis of sleep studies. Online and laboratory-based units are used to synthesise knowledge and ensure translation of this knowledge into practical competencies.

Two online units are completed in the first semester. You need to be in Perth for two weeks in June/July to complete the intensive practical portion of the two units that follow.

### Requirements

- (a)
- (i) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA; or
  - (ii) a level and duration of health-related education and professional experience considered by UWA to be sufficient to permit satisfactory completion of the course;
- and
- (b) a current National Police Certificate<sup>1</sup>, or equivalent certification, indicating no criminal conviction.

<sup>1</sup> Currency of National Police Certificate is 12 months.

## Graduate Diploma in Sleep Science

[studyat.uwa.edu.au/gd/sleep-science](http://studyat.uwa.edu.au/gd/sleep-science)

**UWA course code:** 52320  
**Duration:** 1 year  
**Intake period:** February full-time or July part-time  
**Mode of study:** coursework; online and residential  
**2017 tuition fee:** AUD\$27,900

### COURSE DESCRIPTION

The Graduate Diploma in Sleep Science provides advanced competencies for a sleep technologist, based on a higher order of theoretical content than the certificate. The course provides you with advanced practical skills in sleep scoring and application of therapies for sleep disorders and practical skills in management of a sleep laboratory.

The Graduate Diploma in Sleep Science articulates with the Graduate Certificate in Adult Sleep Science. Those who hold the Graduate Certificate in Paediatric Sleep Science are required to take an additional unit in Adult Sleep Science.

The course comprises eight units; four units from the Graduate Certificate in Adult Sleep Science, and four units designed to provide advanced competencies for a sleep technologist.

Each online unit, consisting of six modules, can be completed over a 12-week period in either the first or second half of the year. Four practical units are delivered by a combination of online and practical work, each consisting of three modules.

You must be in Perth to attend the practical components of these units delivered over two two-week periods, one in June/July and one in November/December. The intensive practical units provide you with hands-on experience in a sleep laboratory in order to synthesise knowledge and ensure translation of the theoretical.

### Requirements

- (a) a relevant bachelor's degree, or an equivalent qualification, as recognised by UWA;  
 and  
 (b) a current National Police Certificate<sup>1</sup>, or equivalent certification, indicating no criminal conviction.<sup>1</sup>

<sup>1</sup> Currency of National Police Certificate is 12 months.

## Graduate Diploma in Dental Sleep Medicine

[studyat.uwa.edu.au/gd/dental-sleep-medicine](http://studyat.uwa.edu.au/gd/dental-sleep-medicine)

**UWA course code:** 52340  
**Duration:** two years part-time (usual) or one year full-time  
**Intake period:** February, July  
**Mode of study:** coursework; online  
**2017 tuition fee:** AUD\$39,300

### COURSE DESCRIPTION

This course is specifically aimed at providing dental practitioners with formal training in sleep medicine to complement clinical training in the use of oral devices used in the treatment of sleep apnoea. In addition to theoretical knowledge, you assess and report the progress of actual cases.

Although this course is completely online, you are assumed to have access to a sleep laboratory or clinic near your home or practice, where you can develop a relationship with a local respiratory physician or dedicated sleep physician who can act as a mentor as well as facilitate sleep laboratory visits. The usual mode of study is part-time to enable you to continue with your clinical practice while studying.

You complete eight units involving both the study of sleep and the treatment of sleep disorders.

### Requirements

- (a) a Doctor of Dental Medicine, or an equivalent qualification, as recognised by UWA;
- (b) at least two years of relevant, documented professional experience considered by UWA to be sufficient to permit satisfactory completion of the course.
- (c) Applicants must be registered to practice dentistry, which can be demonstrated by;
  - (i) registration on the Australian Health Practitioner Registration Agency website; or
  - (ii) satisfactory documentation showing registration with an international accreditation body, as recognised by UWA.

## Living off campus

Crawley Village is a group of houses, units and studio apartments owned and operated by UWA that are either offered unfurnished or with partial furnishings.

Properties are located within walking distance of the UWA campus, shops, cafes and restaurants, banks and other amenities, and are ideally suited to postgraduate students or students with families.

You can rent an apartment, unit or house on your own or you can share with others. Whether you choose to rent a UWA-owned property or one that is privately or commercially listed, please note that you take full responsibility for the property and sign a rental contract.

As a guide, the average cost of renting or leasing an unfurnished one- or two-bedroom unit close to UWA is between AUD\$285 and AUD\$450 per week. There are also establishment costs to consider, such as a bond. Other costs, such as electricity and/or gas, telephone and food, are usually not included in the weekly rent.

**[study.uwa.edu.au/student-life/accommodation/live-off-campus](http://study.uwa.edu.au/student-life/accommodation/live-off-campus)**

UWA Accommodation provides an online housing database for UWA students. International students who have been offered a place at UWA, but have not yet enrolled, can still create an account and access the database. This searchable database includes properties listed by UWA students or staff members who have a vacant property to rent, or other UWA students looking to share a property.

# Scholarships and sponsorships

Scholarships and sponsorships are available to support international students enrolling in postgraduate coursework and postgraduate research degrees at UWA.

---

To help you pursue your ambitions, we offer a range of scholarships to attract and support talented students. For detailed information visit [scholarships.uwa.edu.au/future-students/postgrad](https://scholarships.uwa.edu.au/future-students/postgrad).

## **UWA's funding opportunities include:** **International Research Training Program (RTP)** **Fee Offset Scholarships**

The purpose of the RTP Scholarships is to attract top-quality international postgraduate students to the University and to support Australia's research efforts. Successful applicants can expect to become members of a research team working under the direction of senior researchers and in an area which has attracted external resources.

[scholarships.uwa.edu.au/future-students/postgrad/international](https://scholarships.uwa.edu.au/future-students/postgrad/international)

## **International scholarships (funded by UWA)**

These scholarships are awarded by the University to assist and encourage international students to undertake postgraduate coursework studies in a particular faculty or specific discipline at UWA. Scholarships are awarded to students who have achieved academic excellence in a subject or course.

## **Australia Awards (funded by the Australian Government)**

Australia Awards are prestigious international scholarships and fellowships funded by the Australian Government offering high-achieving students the opportunity to undertake study, research and professional development. Categories include:

- Scholarships and Fellowships
- Leadership Program
- Endeavour Scholarships and Fellowships
- Fellowships (administered by ACIAR)

[australiaawards.gov.au](https://australiaawards.gov.au)

## **Endeavour Scholarships and Fellowships (funded by the Australian Government)**

Endeavour Scholarships and Fellowships are the Australian Government's internationally competitive, merit-based scholarship program, providing opportunities for citizens of the Asia Pacific, the Middle East, Europe and the Americas to undertake study, research and professional development in Australia.

[internationaleducation.gov.au/endeavour](https://internationaleducation.gov.au/endeavour)

## **Sponsorships (funded by international governments, universities and other organisations)**

UWA works with a broad range of governments and organisations in the provision of funding arrangements for international students at UWA.

Funding of the sponsorship is usually from an organisation within the student's home country.

## **Forrest Research Foundation**

Scholarships are offered across all five Western Australian universities to outstanding students who wish to undertake high-quality research and enrol in a Doctor of Philosophy (PhD) at a Western Australian university.

[forrestresearch.org.au](https://forrestresearch.org.au)

## **UWA China Scholarships**

The China Scholarship Council (CSC) and UWA offer postgraduate research scholarships each year to students from the People's Republic of China who intend to undertake a Doctor of Philosophy (PhD) degree at UWA.

## **The Dean's Excellence in Science PhD Scholarships**

The Dean's Excellence in Science PhD Scholarships are awarded to academically outstanding international and domestic students wishing to undertake a research doctorate (PhD) in the Faculty of Science.

# Supporting you

UWA's International Student Support team helps you settle into university life by supporting you both academically and personally, from before you arrive in Australia to long after you've settled into a routine.

---

If you need help along the way, you only need to ask. **The International Students' Service (ISS)** is part of the Student Guild and looks after the welfare of international students studying at the University. ISS also puts on social and educational activities such as a trip to Rottnest and Spring Feast. [facebook.com/UWAInternationalStudentsService](https://www.facebook.com/UWAInternationalStudentsService)

If you have a disability or medical condition, **UniAccess** ensures you can enjoy university life to the full, from sourcing assistive technologies to organising alternative examination arrangements. [uniaccess.uwa.edu.au](https://uniaccess.uwa.edu.au)

**STUDYSmarter** can help you to improve your study habits and learn more effectively. It gives you access to learning groups, workshops and online resources, as well as coaching in research techniques, time management, public speaking, assignment preparation and more. [studysmarter.uwa.edu.au](https://studysmarter.uwa.edu.au)

At the **Careers Centre**, you can find help with long-term career planning or finding part-time employment while studying. It can also give advice on improving your resumé and interview skills, or put you in touch with future employers through career expos. [careers.uwa.edu.au](https://careers.uwa.edu.au)

When health problems arise, UWA's on-campus **Medical Centre** is your destination for comprehensive medical care. [student.uwa.edu.au/life/health/medical-centre](https://student.uwa.edu.au/life/health/medical-centre)

The UWA community also provides a professional and confidential **counselling and psychological service** for students, offering referrals to specialists on and off campus should you need them. The service is free for all students. [counselling.uwa.edu.au](https://counselling.uwa.edu.au)

For students with family commitments, the **UWA Early Learning Centre** can provide either part-time or full-time day care for children aged from six weeks to five years. [childcare.uwa.edu.au](https://childcare.uwa.edu.au)

**LACE (Language and Cultural Exchange)** is an intercultural friendship program open to postgraduate students and staff which runs regular social events. [study.uwa.edu.au/lace](https://study.uwa.edu.au/lace)

Compared with other major cities around the world, living and studying in Perth is a smart decision for international students.

## Australia's most affordable capital city.

Perth is more affordable than Adelaide, Brisbane, Melbourne and Sydney, according to the Economist Intelligence Unit's Worldwide Cost of Living Survey 2017.

Visit [study.uwa.edu.au/cost-of-living](http://study.uwa.edu.au/cost-of-living)

### Cost of living

The annual cost of living in Perth depends on your lifestyle and the type of accommodation you choose, however AUD\$450–\$650 per week is generally sufficient for most single students to live comfortably (this does not include tuition fees or medical cover). Please consider extra funds to cover various items such as airfares and textbooks. There may also be ancillary fees applicable to your course.

### Working in Australia as an international student

Under the terms of a student visa, once an international student has commenced their course they may work up to 40 hours per fortnight while their course is in session and unlimited hours during scheduled course breaks.  
**[border.gov.au](http://border.gov.au)**

### Student Services and Amenities Fee (SSAF)

The UWA Student Services and Amenities Fee (SSAF) is a compulsory fee that directly benefits all UWA students. The fee is used to develop and provide a range of recreational facilities together with social, education and representation activities and services.

**[study.uwa.edu.au/fees-scholarships](http://study.uwa.edu.au/fees-scholarships)**

### Overseas Student Health Cover (OSHC)

The Department of Immigration and Border Protection requires international students applying for a student visa to have Overseas Student Health Cover (OSHC) for the entire duration of their student visa. This is not applicable to students from Norway and Sweden, who are covered under a separate arrangement.

OSHC is offered by a number of providers. You may obtain OSHC from the provider of your choice. **[study.uwa.edu.au/international/health](http://study.uwa.edu.au/international/health)**

The University of Western Australia has a 'preferred provider' agreement with Allianz Global Assistance. On acceptance and payment of your offer, UWA arranges health cover with Allianz Global Assistance for the duration of your student visa.

For information on the University's agreement with Allianz Global Assistance, refer to **[study.uwa.edu.au/international/health](http://study.uwa.edu.au/international/health)**

### Scholarships

International students can apply for financial support in their local country through sponsorship programs, and in some countries, with the Australian Government Australia Awards programs.

**[study.uwa.edu.au/fees-scholarships](http://study.uwa.edu.au/fees-scholarships)**

### Business School Scholarships

#### Perth Energy Scholarship

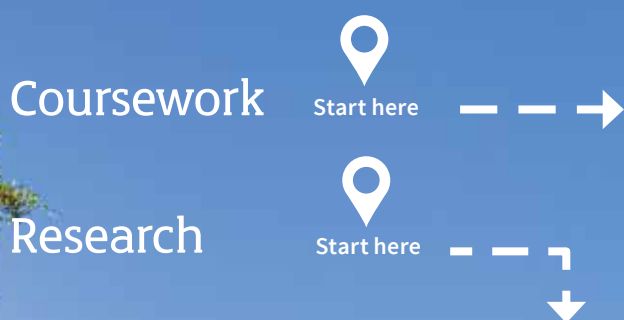

The Perth Energy Scholarship is available to international students after their first year of a Bachelor of Commerce at UWA, and is awarded on the basis of academic excellence. The scholarship is valued at AUD\$10,000.

# How to apply

Applicants are expected to have completed an undergraduate degree at an approved university and undertaken adequate preparation for the degree for which they are applying. For PhD admission requirements see page 81.

## 1 Apply online

- Submit an online application to **study.uwa.edu.au/how-to-apply/lodging-your-application** that includes all necessary documentation specified in the admission requirements of your course. For admission requirements details visit **studyat.uwa.edu.au**
- or
- Submit your application through a UWA overseas representative in your country. A complete list of representatives can be found at **study.uwa.edu.au/international-agents**
- UWA assesses your application, and if successful, you are issued an offer package, which includes a letter of offer, acceptance documents and other documents if necessary.

### Your first steps

Contact the Higher Degree by Research (HDR) support team in the most appropriate faculty to help identify your potential supervisor:

Faculty of Arts, Business, Law and Education

Email: **hdr-fable@uwa.edu.au**

Faculty of Engineering and Mathematical Sciences

Email: **hdr-ems@uwa.edu.au**

Faculty of Health and Medical Sciences

Email: **hdrenquiries-fhms@uwa.edu.au**

Faculty of Science

Email: **hdr-enquiry-science@uwa.edu.au**

Consult UWA's Research Publications and Expertise for information on appropriate supervisors at **research.publishing.uwa.edu.au**. Read the profiles of our Research Leaders, who may be potential supervisors at **research.uwa.edu.au/fellows**

**Prepare your research proposal:** Prepare a brief outline (maximum 250 words) of your proposed area of study to discuss with a prospective supervisor.

**Discuss your resources:** Find out what resources are available to you as a postgraduate research student, as these vary depending on the school in which you enrol.

**Be informed:** There is useful information online for future research students, including how to prepare a research proposal. Visit **study.uwa.edu.au/research/becoming-a-research-student**

## 1 Lodge an application

Submit an application to the respective HDR support team in the faculty or to an authorised UWA representative. This should include:

- a completed research application form, which is available at **study.uwa.edu.au/how-to-apply/lodging-your-application**
- all certified documents as listed on the application form
- a brief outline (maximum 250 words) of your proposed research project

Successful applicants are sent an offer package electronically, including a letter of offer, acceptance documents and other documents if appropriate. You should allow six to eight weeks for your application to be processed.

For information on applying for a research scholarship, see page 76.

## 2 Accept your offer

On receipt, complete, sign and return the acceptance and refund documents together with payment or sponsorship details for the first semester and overseas health cover (visa length cover), either directly to UWA or via one of UWA's official overseas representatives.

For more information on how to apply to UWA directly, visit [study.uwa.edu.au](http://study.uwa.edu.au) or [study.uwa.edu.au/international-agents](http://study.uwa.edu.au/international-agents)

## 3 Confirm your enrolment

UWA issues a Confirmation of Enrolment (CoE) package that contains a letter of welcome including links to our pre-departure and on-campus accommodation guides and a Confirmation of Enrolment.

## 4 Flights and visas

You are required to make your own travel and student visa arrangements. UWA's overseas representatives can help with these arrangements if you need any additional advice or assistance. In some countries, student visas may be obtained electronically.

Visit [border.gov.au](http://border.gov.au)

### Am I a domestic or international student?

You are an **international student** if you are:

- a temporary resident (visa status) of Australia,
- a permanent resident (visa status) of New Zealand, or
- a resident or citizen of any other country.

You are an **Australian domestic student** if you are:

- an Australian citizen,
- an Australian permanent resident (holders of all categories of permanent residency visas, including humanitarian visas), or
- a New Zealand citizen.

For information on applying online, visit [study.uwa.edu.au/how-to-apply/lodging-your-application](http://study.uwa.edu.au/how-to-apply/lodging-your-application)

### PhD/MPhil admission requirements

Approval for admission to a PhD/MPhil requires an applicant to demonstrate that they have sufficient background and experience in independent supervised research to successfully complete the course, and for the University to ensure that appropriate supervision and resourcing are available.

Applicants are required to demonstrate that they have met the requirements of the University Policy on Adequate Research Preparation and any other requirements for admission of the University,  
*and*

(a) have a bachelor's degree of this University or equivalent qualification;  
*or*

(b) (i) have previously undertaken work, of a sufficiently high standard, towards a higher degree by research in this or another approved institution but not have submitted it for any degree;  
*and*

(ii) have completed an appropriate PhD/MPhil research proposal;

A student who wishes to undertake a PhD/MPhil in the field of creative writing must, in addition, submit a substantial folio of published creative work, normally in the form of one or more books.

Prior to enrolment, all applicants are required to demonstrate that they have met the University's English language requirements.

### Fees for applications

Online application fee	<b>AUD\$100.00</b>
Hard copy application fee	<b>AUD\$150.00</b>
Higher Degree by Research fee	<b>No Fee</b>

# Help with English language skills

The University offers a choice of English language programs through the Centre for English Language Teaching (CELT) to prepare international students for tertiary academic study.

## UWA Centre for English Language Teaching (CELT)

UWA CELT offers accredited English Language Intensive Courses for Overseas Students (ELICOS) programs in General English, Business English and English for Academic Purposes, as well as preparation for internationally recognised examinations such as the IELTS and Test of English as a Foreign Language (TOEFL).

## Academic English and Study Skills Bridging Course (Bridging Course)

The Bridging Course has been designed for international students who wish to study at UWA but do not have the University's required level of English proficiency. The course is also suitable for students with unconditional entry into UWA who would like to further develop their language ability and confidence before commencing tertiary study.

A 70 per cent pass in the Bridging Course meets the University's English language requirement for most undergraduate and postgraduate courses, although some postgraduate courses have a higher English language requirement. [celt.uwa.edu.au](http://celt.uwa.edu.au)

## Terminology

### GRADUATE CERTIFICATE

Typically follows a bachelor's degree and is equivalent to one semester of full-time study.

### GRADUATE DIPLOMA

Regarded as a higher qualification and offers greater depth than a graduate certificate and is generally equivalent to two semesters (or one year) of full-time study.

### MASTER'S DEGREE (COURSEWORK)

Comprises 100 per cent coursework. It is normally the equivalent of two years of full-time study after a bachelor's degree (or equivalent).

### MASTER'S DEGREE (COURSEWORK AND DISSERTATION)

Involves both coursework and research, where the research component (dissertation) comprises less than 66.6 per cent of the course requirements. Typically requires two years of full-time study (or equivalent) after a bachelor's degree.

### POSTGRADUATE PROFESSIONAL DEGREE

A master's or doctorate-level course, taken upon completion of a bachelor's degree (or equivalent) that, upon successful completion, qualifies you to enter a profession.

### MASTER'S DEGREE

#### (THESIS AND COURSEWORK)

A mixed-mode research degree with a research component equal to or greater than 66.6 per cent, but less than 100 per cent, of the total course. Typically requires two years of full-time study (or equivalent) after a bachelor's degree.

### MASTER'S DEGREE (RESEARCH)

A course normally requiring the equivalent of two years of full-time study and including a supervised research component that represents 100 per cent of the course requirements.

### PROFESSIONAL DOCTORATES AND PHD (DOCTOR OF PHILOSOPHY)

A doctoral degree, normally undertaken over a period of four years of full-time study, consists of supervised research resulting in the preparation of a thesis that makes a substantial and original contribution to knowledge.

#### CRICOS Provider Code: 00126G

Australian Federal Government legislation requires providers of courses to international students to register their institution and the courses they offer. This register is called the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). The Tertiary Education Quality Standards Agency (TEQSA) approves registration before a code is allocated and the details recorded on the CRICOS register. Providers and their agents must not promote a course to overseas students unless it is registered on CRICOS.
